Daily message of Mary, Rose of Peace, transmitted during the journey from the city of Mendoza, Argentina, to Santiago, Chile to the visionary Friar Elías del Sagrado Corazón

Dear children,

At this time, I come to the world to give continuity to the Work of Redemption of My Son, so that souls awaken to the path of pardon and reconciliation.

Therefore, your Heavenly Mother goes on pilgrimage, from nation to nation, so that more hearts in the world may reach the real consciousness of love and compassion.

My Son sends His Mother to the world every day to transform the lives of the planet, into hearts in fullness and redemption.

It is thus that My steps are not separated from those of My children because as a kind Mother, I can be near and united to each heart in need.

I encourage you, in these times, to be part of the armies of the Redeemer, so that the Sacred Master and Lord of the universe may have instruments available to take forward the Project of Love.

At this time, feel the joy of serving Him, the joy of being able to meet Him again, the deep desire to be close to Him.

May your lives, in constant redemption, receive the impulse of Our Lord so that everything may be fulfilled.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
