Daily Message of Mary, Rose of Peace and Mother of the refugees, transmitted in the Marian Center of Aurora, Paysandú, Uruguay, to the visionary Friar Elías del Sagrado Corazón

Dear children,

While the missions are broadly developing in the spiritual life of consciences, your Heavenly Mother, together with the Most Chaste Saint Joseph, pray so that the fruits and the results of each humanitarian mission may motivate other consciences to live the spirit of humanitarian service. It is in this way, My children, that your Most Holy Mother and Saint Joseph the Worker gradually form the souls who consecrate themselves to the Immaculate Heart as soldiers in the service of Christ.

Now, dear children, through these missions, must emerge in each one of you not only the strength to unite the groups of prayer, but also, must awaken the missionary soul in My children.

The missionary soul is a state which can feel the consciousness that lives the Plan of God, and who offers the self fully to the Universe to help, to serve unconditionally where necessary.

The missionary soul, My children, could transform the Earth, for it is the living principle of self-giving service in any place.

There may exist, dear children, a common missionary soul, where all consciences unite in that inner level of the spirit to confirm and surrender themselves to fulfill the Will of God.

Among the groups of prayer and among the different missionaries, a positive state of missionary soul is being generated; a state in which many more consciences far away from this Work will be drawn by this spirit of congregating to serve through prayer and selfless giving.

It is for this reason that the missionary soul is being formed spontaneously by all hearts which, independently of where they are, are united in mission through the call of the Celestial Messengers.

Dear children, the missionary soul is safeguarded by the Guardian Angels who take care of all that is expressed as service and prayer.

This impulse of the missionary soul, formed by the servers, is spiritually reaching the consciousness of the nations, in this case, Argentina and Turkey.

For this reason, dear children, I invite you to protect and move forward in this spirit of fraternal unity that is being created by the prayer impulse of all groups of prayer, in support of humanitarian missions.

I thank you for responding to My call!

Who unifies you in the Heart of the Father,

Your Mother Mary, Rose of Peace and Mother of the refugees
