Daily Message of Mary, Rose of Peace, transmitted in the city of São Paulo, Brazil to the visionary Friar Elías del Sagrado Corazón

Rise up, rise up to the Heights!

Dear choir member children,

Once again, the doors towards healing will be opened, after this Sacred Center of Love was blessed by Yahweh.

Today, play the note of the heart.

Knowing that each offering from the choir members means an opportunity for the planet, I ask you, dear children, that from now let us joyfully prepare for the coming of the Universal King at the next Sacred Week.

Today, play the note of the heart.

Because by opening your hearts to the new impulses that you receive, humanity and the planet are blessed by a Greater Grace.

Today, play the note of the heart.

May your singing on this day be offered for peace on this planet and in this humanity; may through your surrender and sacrifice, the angels receive permission to liberate regions of the planet that are oppressed, so that the Peace and the Mercy of God may finally enter.

Today, play the note of the heart.

You, dear children, uniting in this purpose of humbly radiating healing to humanity, will create the inner and spiritual conditions so that humanity may continue being assisted until the end times.

Today, play the note of the heart.

Let each musical piece that will be offered resound with gratitude, faith and hope in the whole of this Universe.

Let the singing children of God be exalted in joy for responding to the call of the Highest.

Let the doors to Grace be opened by each voice that pronounces the song of peace, so that all hearts of the Earth may feel the Great Call within themselves.

Today, play the note of the heart.

Because as long as you play the note of the heart, My children, you will be uniting Heaven and Earth, the universe and humanity, and a deep connection with the Father will be taking place in

creatures.

May the currents of sublime healing descend on this day.

Let each choir member and instrumentalist today be a mirror that reflects peace and harmony towards the planetary sphere, and do not forget to play the note of the heart.

United to each peace-bringing voice, One Who accompanies you always in this impulse of elevation,

Your Mother Mary, Rose of Peace
