Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón

The New Earth will be rebuilt among a few, and from them will be born the relief for all that was created. Thus, in this cycle the efforts will be great and the steps that must be taken will be ever larger than the possibilities of everyone.

The time has come to take that leap toward a greater trust in God. The Father and His beloved Son will never forsake Their disciples, for in this way, you will be able to take the steps that will cause the human consciousness to ascend on many planes.

Atavism must be defeated, and for this, concentration and patience will be the keys that will allow a solid fortress to be built in each soldier, which will make of them, at each stage, a fulfilled server in the Hands of God.

Abysses must be crossed, hells of the consciousness must be closed. But above all that, there will be the guiding hand of Those Who in the beginning guided the stars. We are at the point where the scales are shown so that each one may define themselves and place their weight on one of the plates.

Grace will make great conversions out of impossible things. But the disciple of Christ must not lower their arms before it is time. Everything will be allowed, and from the choices of their peers, many will learn to love what they have never managed to love.

Valor, courage, patience, and above all, love in the consciousness will help in going through this planetary time of instability.

May those who still persist know that We are with them. The Celestial Father sends Us from the most High of the universe to cause those who accept the final rescue to rise. Forward!

I thank you for responding to My call!

Who contemplates you and gives you impulse,

Your Mother Mary, Rose of Peace
