Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of the Child King, Rio de Janeiro, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

After twenty-five years of My work, of My Mission with you, are completed, the work will be known throughout the whole world, and this will be the moment when humanity must take the final step towards its total redemption.

Today I watch you with eyes of Mercy and I wish, as I have already told you, that you may be in My arms so that the Glory of the Father embraces you and makes of your souls free beings in the Light.

My Children, I need you to follow Me with immense joy in your hearts at this time, for in this way, the suffering of your lives will disappear overnight.

Trust that My Grace draws closer to you to fill you with the gifts of the Mercy of God.

My wish is that your souls govern your lives at each moment so that in everything you are able to see the Love of God manifested in planetary life.

You are in a culminating cycle, at the door of a new stage that will begin to show you the important moments of your transformation.

Continue forward, no matter what happens, the Lord has pity on each one of you.

The time has come for you to decide, there is no longer any time, and the Father and the whole universe call Us to a greater task. Go forward!

I thank you for responding to My call.

Who sanctifies you,

Your Mother Mary, Rose of Peace
