Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón

Dear children,

Like the winter sun, warm and welcoming, I come to you to pour upon you, in faith, all My Graces and to open the doors toward the path of deep conversion.

For this reason, today the Aurora of Love clothes itself in light and in healing, to receive those who pray who will participate in this pillar of planetary prayer for all of humanity.

It will be thus, dear children, that Aurora will again be able to work with the planet and with all of sleeping humanity, so that at least it may awaken from its deep sleep.

On this day, dear children, the bell towers of Heaven will be sounding to assemble all the angels, which will accompany the ceremony of the Redeemer during the meeting for prayer.

If souls opened their consciousnesses and even more, their hearts, they could increasingly understand what it is that happens when they assemble to experience the extremely potent channel of Prayer for Peace, and in this way, their lives would rapidly change.

Dear children, I leave you with the intention of a good and victorious work. This Marathon will invite you to withdrawal, to unity, and above all, to trust in God. Thus, dear children, you will be able to embrace His Purpose with greater firmness.

I thank you for responding to My call!

In prayer with you,

Your Mother Mary, Rose of Peace
