Daily Message of Mary, Rose of Peace and Mother of the refugees, transmitted during the journey from the city of Córdoba to Capilla del Monte, Province of Córdoba, Argentina, to the visionary Friar Elías del Sagrado Corazón

Dear children,

The spirit of childhood is what must be recovered from the depths of the essence of each small Syrian soul.

It is for this reason that the missionaries must transmit, in their gestures and actions, the spirit of true joy, with the purpose of being able to reflect, in the most innocent, the reason for living on the surface of the planet.

In this way, dear children, the works of peace that will be carried out by the missionaries of the Federation will allow for the recovery of the true sense of reencountering the love that is lost, and the maternity they never experienced due to the lack of peace.

Dear children, this mission throughout all of Turkey will try to interpenetrate the deepest spaces of the spiritual consciousness of the souls with the purpose of recovering the dignity and, mainly, the filiation with the Celestial Father, something that, due to war, was deactivated from the heart of each child of Mine.

My children, the path that the missionaries of peace will tread will lead them towards the encounter with the different states of lack of peace, of love and of justice.

It is for this reason that your Heavenly Mother will accompany the missionaries so that, united to My Immaculate Heart, they may be guided directly toward the place where it will be necessary to rebuild the spirit of peace in the human heart and especially, reintegrate the feeling of being loved and not rejected into the littlest ones, as well as in adults.

At this hour, in which the first steps of the mission are already being taken, all are called, dear children, to be united to the essence of the purpose of this humanitarian mission.

I thank you for responding to My call!

Who silently guides you,

Your Mother Mary, Rose of Peace and Mother of the Refugees
