MESSAGE FOR THE VIGIL OF PRAYER IN THE CITY OF SAN RAFAEL, MENDOZA, ARGENTINA, TRANSMITTED BY THE IMMACULATE QUEEN OF THE HOLY SPIRIT TO THE VISIONARY SISTER LUCÍA

Dear children,

Today I want you to dissolve your fears in My Heart, for there is nothing more perfect in the Universe than the Plan God created for His beloved creatures.

Come to My Heart whenever something brings affliction to your chest, for in prayer, I will show you what the Will of God is, manifested in each event in life.

May everything in your lives be a reason for prayer. If you feel doubts, bring them into the light of the Holy Spirit so they may be dissolved from your consciousnesses. If you feel fear, bring into your hearts the Love that I radiate daily to the world.

Never feed conflicts, but rather, be peacemakers on Earth.

The hour has come to truly be in likeness to My Son, to become silent when you should be silent, to act in secret, even when you are among the multitudes.

The perfect union between Jesus and God was known only to God Himself, and I want you to bring that example into your lives today. Unite perfectly with God in the silence of the heart and reflect that union through love.

The greatest example left by My Son for the lives of all creatures was Love. For that reason, love! Love those who hate you! Love those who speak lies about your beings! Love even more those who mistreat you, for those who do evil are the ones who most need that love!

Go through the world looking not only for those who open their hearts to you; also look for those who turn their faces away from you, but do not insist with words, nor with actions. Insist with the heart, with love, with silence, for the greatest love you can experience grows in the secret of your souls.

Today I want to teach you, My dear ones, what you have studied for two thousand years to learn, and the time has come for you to practice and to live in profound joy.

Glorify this moment of your lives, just as the apostles glorified it on discovering the greatness of what they were living, when they realized the celestial Grace they were receiving and how perfect the love they experienced as they preached among those who did not listen, and loved their enemies.

Congregate those who listen to Me and unite in an indissoluble way with each other, for this will be your fortitude in the times that will come, and together, you will discover the joy that exists in each new test in life; the joy of growing and maturing in spirit; the joy of being able to finally fulfill the Will of God; the joy that dissolves fear and heals the heart.

Firmly carry the banner of peace and do not stop walking. Smile at those who turn their faces away and love whomever approaches you.

To those who ask, respond: I come in the name of the Queen of Peace to bring Her Peace to the world.

I thank you for persevering yet another day in My Heart.

I love you and will eternally love you.

Mary, Mother and Queen of Peace
