Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay to the visionary Friar Elías del Sagrado Corazón

Dear children,

While by the Grace of God, peace is established in your hearts, it is withdrawn from the innocent hearts of My children of the Middle East, who miss the true chance of experiencing God.

The Love of Christ in each of the Christians of the Middle East will never disappear, because no matter how much damage is done to the consciousness, the soul of each of My children of the Middle East is already confirmed in Christ.

Dear children, let your acts of charity and of love help to sustain the faith of all those hearts of the Middle East that are assaulted daily by the hands of the enemy.

The damage may be greater, but the victory of those hearts over martyrdom affirms that Christ will always reign and that innocent blood should no longer be spilled, since the Justice of God will be severe with those that provoke horror in the world.

The path of faith must be unbreakable for all, for it is in this faith that you, My children, will be able to receive the Grace of continuing to open the doors of Heaven and the door of the heart, which will lead you to the Love of My Son.

Be witnesses to the true faith of those who are mutilated. The faith in Christ will not be erased.

I thank you for responding to My call!

Who unifies you in Christ,

Your Mother Mary, Rose of Peace
