Daily Message of Mary, Rose of Peace, transmitted in the Light-Community of the Brotherhood, Capilla del Monte, Cordoba, Argentina, to the visionary Friar Elías del Sagrado Corazón

My children,

Today I have come to speak to you about a spiritual and prayerful community consecrated to My Immaculate Heart.

On this holy day, I wish you to understand, dear children, that at this moment and in this place blessed by God, you are forming part of His Aspiration that here, through the offering of service, giving of self and charity you have carried out, you may be able to establish the Kingdom of God in your hearts, to then radiate it to your fellow beings.

You know, My children, that there are many spiritual communities, both Christian and Eastern, in the world, but in these times only a few obediently manage to follow the Will of God through the sincere and non-profitable service of their members.

Imagine those communities also created for a Higher Purpose, but that do not live prayer, nor form oratories, bridges of elevation and of contact with the Celestial Universe.

Dear children, I am your Mother, and I hope that all My children, regardless of whether they accept Me or not, may be able to hear the call to prayer, to supplication, to a true union with God.

My Light-Communities must work every day for that sacred Purpose, and each member who tries to live a consecration to the Plan of God is responsible, before My presence and before the Presence of My Son, for this fiery aspiration to be fulfilled.

Children, I ask that every day you renew your vows made to the Celestial Hierarchy; this will motivate other consciences to also awaken and abandon this material life subject to property, to power and to unlimited competition.

I come from Heaven to ask you to imitate the Community of Nazareth, which was formed by Saint Joseph, by the little Child Jesus and by your Heavenly Mother.

Each Community in this time must represent that inner Temple, so that the angels may find spaces of companionship and of guidance for all the souls offered to the Plan.

It is for this reason that My Immaculate Heart suffers for the souls that have a true aspiration to live for God and who are deceived, disregarded by the ones who guide those flocks.

The results of those situations, in the loss of souls, are irreparable. This is why, since the beginning, I instituted spaces of prayer and of communion with Christ so that nothing would stray from the path, since My adversary always wants to impose obstacles as a way of hindering the life of those who take small steps.

Humanity should already be one single community, and even if this seems impossible to happen, that is the original Will of your Heavenly Father, according to what is expressed in Genesis.

Dear children, I leave you with this reflection so that as from now you may recognize where you are and by whom you are being guided, in the name of Grace and of Mercy, an opportunity that the majority does not have because they are not obedient or simple.

The project is one of humility, of beauty and of fraternity. All are invited to be an example and constant testimony of the Sacred Family.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
