Daily message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandú, Uruguay, to the visionary Friar Elías del Sagrado Corazón

My dear children,

In the silence of My pure Heart lies the most intimate secrets about the destiny of this present humanity.

Today I wish to reveal to you one of them, which I consider most urgent in these times: the spiritual effect that modernities have on a good Christian and a good consecrated person.

In Fatima, I announced to Jacinta about this time that would come, and I asked her that, before her death, she should only reveal it to her confessor.

From Fatima, I wanted to awaken true peace throughout the world. This is why My call from that time is repeated in this cycle, warning everyone to seek the path of prayer that elevates them, and to turn away from the modernities that embrace everyone much more than the Spirit of Peace.

In Fatima, I said to Jacinta that, in the coming time of the planet, humanity would idolize modernities as a god of their own, and all of them would be the fruit of a negative cosmic infiltration into the unconsciousness of all beings on Earth.

Later on, this would generate an addiction, like so many other tendencies that would be activated by the very claws of My adversary.

At that time, the Woman Clothed with the Sun should again arrive in the world, to disarm the plans of the enemy of hypnotizing and conquering the unconsciousness of the souls and, consequently, the life of the spirit of the creatures.

This form of modern hypnotism would awaken the idea of an "advancement of the times" and would bring very determining consequences for the sleep of human beings, generating further effects of insomnia, loss of inner alignment, and, mainly, a lack of peace.

This weapon of modernities would occupy the daily life of people, making them dependent on a false system and with a net of satanic relations. Thus, this dependency on modernities would malnourish the spiritual life and make them lose the sense of the search for the Celestial Universes.

This plan, contrary to the evolution of the universe, which was announced in Fatima, would in the future generate an absence and a separation of life and love of the families. Children would cease to be loved, to be occupied all the time by the device of this same plan. The little ones, from the wombs of their mothers, would feel the lack of interest of being recognized and, thus, they will become a difficulty in the busy life of the mothers and fathers.

These modernities would still occupy the hours of sleep, creating a negative dependency and a high lack of interest in the life of the spirit and the search for God.

At that time, I said to Jacinta, in Fatima, that in the future there would be all kinds of modern forms and devices that would completely absorb the attention of the people and would make them lose their inner senses, such as being able to listen to God and, thus, rapidly withdrawing from Him.

I also revealed in Fatima that from the year 2000 onward, a conviction, contrary to God, would arise in humanity, based on wanting to advance through modernities and develop this evil idea within the lives of the souls and all their families.

Later, I told Jacinta that these modernities would be the apex of a false model, which would be the sovereign deceiver that would enter into religious life, and, whoever would not pray many Rosaries, would not perceive with the heart where they would be deviating.

I also revealed to Jacinta, when she would spend her last days in the hospital of Lisbon, in Portugal, that in humanity there would awaken a competition based on false modern goods, which would generate a desire for comfort, pleasure and for knowing who would have the best modernity. All this would make you lose the spirit of that which is sacred and the spirit of wisdom.

I said in Fatima that I could not reveal the last part of this story of perdition that My adversary is taking forward at the present time. I also told Jacinta that I would return to the world for the last time in a poor and lost place in the southern part of the Americas so that, outside of the traditional Church of Christ, the world could recognize Me and listen to Me for the last time.

For this reason, I promised Jacinta that, at the request of Jesus, I would consecrate legions of heavenly souls, so that, on Earth, they could be My armed arms, through prayer, fasting, communion and confession, which would prevent the total unconscious and spiritual destruction of human life. For this reason, I would come to ask for the consecration of the Americas to My Immaculate Heart, so that at least half of the one hundred percent might listen to Me and respond to My call.

I told Jacinta, three days before her death, that if Russia were consecrated to My Immaculate Heart, a great part of the world would be protected for a while longer, and the day of the great Universal Judgment would be postponed.

Also, I confessed and revealed to Jacinta that, if the world continued to adopt modernities and their actions as their own mundane gods, a great part of humanity would suffer the consequences of having exchanged God for these modernities.

I also revealed to her that My enemy would mainly rule over a large part of religious life until the fountain of thirst for My Son would dry up completely.

If that were to happen, I told Jacinta that My beloved Son would appear for a second time, in a certain place of the world, to try to attract to Him the last Graces of God upon the hearts that would not deserve them, due to indifference and error.

If only a part, more than half of the one hundred percent, would respond to the living Call of Christ, My Son would grant that the Mother of God could support humanity during a cycle of three solstices, in the hope that it would awaken in time.

History has not ended, and the Judgment will define everything. Therefore, the repentance of the heart and the sincere search for the Kingdom of God will be that which will save the arising of the

New Humanity, of the New Jerusalem.

Meditate upon My words and pray with Me.

I thank you for responding to My call!

Who awakens you towards higher consciousness.

Your Mother Mary, Rose of Peace
