DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN BALNEARIO EL CONDOR, RIO NEGRO, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The healing of humanity will take place through the renovation that youth can bring through the strength of prayer, the expression of an evolutionary art and the feeling of elevated music.

The foundations of the new cycle of the planet lie in the union of each youth with the different Attributes of God and in their capacity to express them in order to generate in humanity the transcendence of human suffering and pain.

The youth have a fundamental mission, as, through the impulse of their spiritual awakening, they will be able to renew the awakening of servers and of all the collaborators of the Plan.

The spiritual awakening of the youth of these times is united to everything that represents, within themselves, the communion with the essence of universal life.

Through the Youth Festival for Peace, this foundation is spiritually built so that, through youth, the Spiritual Hierarchy is able to give the impulse to the renewal of human consciousness, with the goal of detaching itself from errors in order to achieve the so awaited healing.

This inner need of reconnecting with the Plan of the Hierarchy must awaken in the youth of today, knowing that each activity offered through music, art and universal prayer creates the necessary conditions for humanity and the planet to be liberated from suffering.

For this edition of the Youth Festival for Peace in the city of Sao Paulo, and in the face of the destiny that all the youth of Brazil have to build, in spite of the oscillations of nations, the attribute is love, which must always act first so that adversity and duality may be defeated by the love that each youth can express in this cycle.

This is the reason why the Youth Festival for Peace reaches Sao Paulo in a new edition, offered, in each detail, with the mission that love may act first.

From the Spiritual Universe, I send an impulse of love and light to each young heart, knowing that this spirit of service and of incalculable love to the sacred Kingdoms of Nature must awaken in each one.

In communion with universal life, once again, dear youth of Peace, I thank you for building this spirit of renovation!

Who blesses you,

Your Mother Mary, Rose of Peace and Mother of the World
