### **DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIA CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN???**

Dear children,

In this month of December that is beginning, your hearts must only seek to reestablish this inner and spiritual union with Christ, through the advent of the sacred Birth of Jesus.

It will be important during the days of December, before the 24th, when you celebrate the eve of the blessed Birth of My Son Jesus, that your consciousness be placed on the real need of bringing to the world the Spirit of Peace that no longer exists.

In truth, this Christmas that approaches will be different for the whole world, because humanity is facing a cycle of high resistance to change, a change that is so awaited by the whole universe.

December will be a month in which everything will strengthen, from the inside to the outside, and this can not be avoided; but if your hearts, through prayer, will prepare this path of purification and transcendence, it will allow the process of change to be a little lighter.

If hearts place their attention on the mystery of the Birth of Christ, in truth, they will open many doors towards the path that everyone needs to fulfill and carry forward.

My children, when I say that this Christmas will be different, it is because, in truth, it is urgent that the consciousness of humanity adheres to experience a deep transformation that reflects the balance so necessary for this planet and the whole race.

Starting from December 8, the day dedicated to your Blessed Mother, divine intervention will be descending over the planet and will be pouring impulses into those hearts that will be in prayer and in tune with the Celestial Universe.

A form of amnesty will be granted as a Grace to those souls who in truth make a plea, an act of repentance and forgiveness.

Your Heavenly Mother will have a special mission on this day. Therefore, from today, with love and consciousness, prepare the path so that Christ may return to you on December 24, thus the planet will have a little more time of peace and serenity.

I thank you for responding to My call!

Who blesses you, in preparation and prayer,

Your Mother Mary, Rose of Peace
