WEEKLY MESSAGE OF CHRIST JESUS, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

All that I have said throughout the times to the world will be fulfilled; but all may be reverted if there is a true spirit of repentance.

Even though the seriousness of the faults committed by humanity outweighs the need of peace and repentance, I bring you as a last opportunity the universe of My Mercy, the one that, since the moment of the cross and of the agony, has desired to live in your hearts.

I wish in this time to form souls loyal to My Divine Mercy. I will use them to let the world know My wonders of love and of redemption. Those who still have not sought the path of penitence and of repentance - may they take it. I come to let you know the potential of My Redeeming Love, which still is not understood by people.

Open the heart and you will find the way out; the current time indicates a unique opportunity for the hearts that seek in truth My Heart and vigil with Me during the period of the dark night.

Find through My Divine Spirit the path for your sanctification and your union with the Eternal Father. The hour indicates a new path that must be traversed.

Under the union with the Father, be blessed.

Thank you for remaining in the Fire of My Heart!

Merciful Christ Jesus
