APPARITION OF THE GLORIFIED CHRIST JESUS ON THE FIFTH DAY OF THE SACRED WEEK, AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

In the name of the Father, the Son and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón de Jesús:

Friar Zeferias, the Lord is asking you to play the piano to prepare His work.

He, somehow, is asking all of us to prepare this moment for what will occur, being very awake and concentrated, sustaining this channel with Christ.

What a joy it is to be here today, among you, to remember what I once gave you for the redemption of all of humanity: the great key of My Love, based on the spirit of redemption, which I came to live in my own flesh, to save the whole human race.

This will be the Gift that we will ask the Holy Spirit today so that, through Its Divine Intelligence, it may keep granting the world the opportunity of Redemption, especially for those consciences that are already condemned and could only be saved by the love of My Apostles.

For this reason, we will light the Menorah today, asking the Holy Spirit to make the Gift of Redemption descend at this moment, as an essential attribute in these critical times, because without redemption there is no rehabilitation, and without rehabilitation, souls cannot find the Love of God.

Redemption is the door that opens up for the liberation of souls, so that the ties and chains of those who are oppressed may be liberated. For this reason, we will light the Menorah once again, invoking the divine intervention of the Holy Spirit.

In the Cenacle, I taught My apostles about the Law of Love, based on the immeasurable Pity of the Father for all souls, for all the spirits that have emerged from His Source, so as to re-create this Creation and bless it through the experiences of Love and Forgiveness.

If the fallen father had not disobeyed, this whole local universe would be a part of the Celestial Kingdom, because in the Heart of God this divine fusion between the dimensions and planes of consciousness is still foreseen.

And in the Cenacle, in the secrets that My Heart revealed to the apostles, I not only gave them the legacy of My Love and revealed to them the values of the Sacrament and of Confession, and mainly the importance of communing with Me until the end of days, but the important moment which your Lord would live after His Resurrection was also revealed to them. That moment, which I shared with My apostles and I share today with you, was what would later on happen, during My

Ascension.

What would come to happen between the Material Universe and the Mental Universe, between the human consciousness and the angelic consciousness?

When I ascended to the Heavens, to the Universe, God physically opened the doors of Andromeda to Me, because He placed there, in that place of the universe, what He had thought of for this Material Universe. And that was possible through the archangelic intervention and through the Archangels, by means of the Hierarchies.

So, think for a moment on what it meant for the apostles to receive this revelation of what would truly happen to your Master and Lord, which they should guard and protect through their prayers and offices in the innermost depths of the silence of the heart, because in those times it could not yet be revealed, nor in the times that would come. The revelation about My Ascension should be revealed by Me, moments before My Return to the world.

Do you now understand? how, since more than two thousand years ago and up to the present moment, all souls that I congregate have been a part of a history that is extremely important to Me, and that, with My own Hands, I come to remove the veils of your consciousnesses so that you may see the reality that the enemy himself has dared to confuse, through his mirages and doubts.

In your hearts lies a molecule that is very important to God, a molecule that, through the awakening of the consciousness, reveals itself and becomes especially visible when hearts surrender to live the Will of God.

At the doors of this mystery that is unveiled today, and that cannot be understood by the mind, but rather needs to be welcomed by the heart, I met, when I arrived in Andromeda, Sublime Consciousnesses that, in the inner planes, had accompanied Me during My trajectory on Earth, since My Birth until My Death, and during the important moment of My Resurrection.

In those stages, those Sublime Consciousnesses were present, because, in Their Hearts, they know about the Plan of God. They are nine Hierarchies of the Universe, Mentors of the Heavenly Governments, entrusted with the spiritual and material evolution of millions of consciousnesses in this Creation, as well as of other galaxies and constellations.

With this revelation, you will be able to understand that life is infinite and that the end that you place to life is through your own minds, because at the doors of Andromeda, these Consciousnesses were waiting for Me, in order to give me the next step that I would take for you: that of not only being the Redeemer of the World, but also of being the Governor of the Universe, uniting, through My Heart and My Divinity, all the consciousnesses that serve Me in the Higher Universe, from their evolutionary experiences and schools.

So that the Human Project not become lost, even with what happens in these times, the first thing that God gave Me was the essence of the Purpose of this planet, as well as of other worlds, which, through the learning experiences and their efforts, should reach Me, through the Redeeming Christic Love. Do not forget that each one holds within themselves this Christic molecule that the Father gave them, a Christic molecule that has been trying to awaken, since a long time ago, through you.

But now that you are awakened and conscious, now that you are learning to listen with your hearts, this molecule becomes more potent in each one of My companions so that, through the essences, I

may restore, through My Return, the essence of the Purpose of this planet, which God conceived, from the beginning, since what you know as the Genesis.

Thus, through the Glorious Return of Christ and of His Divine and Ultra-terrestrial Face, this Purpose will be re-integrated in all those who have been consequent with Me, throughout the times and generations.

In this way, the code of evil will be dissolved from the human consciousness, the forces of chaos will be removed from the planet to reservoirs that are being prepared by the Archangels themselves. Because all deserve redemption, from the most evolved consciousness down to the smallest particle that has life in this Creation; all is a part of the Creator Project from the beginning. For this reason, you must be attentive to this moment, for you will not be forewarned.

Through this meeting with Me, on this day, when you remember the Last Supper, it is time for your consciousness to broaden and expand. It is time for your inner senses to awaken and replace the external senses, because in this way you will be able to see beyond what you see, in this way you will be able to hear beyond what you hear, in this way you will be able to feel more than you feel.

Because when your Christic molecules unite to My Heart in this work that I am gestating during this Sacred Week, I assure you that you will have no doubt of where to be and what to do, because what I need is something very important that you do not yet understand.

When the heart or soul trusts in the unknown and launches into this ocean of cosmic knowledge, it gradually prepares for the great moment of the Return of Christ, and it also has the opportunity to become aware of its virtues and talents.

Returning to Andromeda, place your consciousnesses in this place and in this space of the universe. Do not think that you will not be able to do so because, through Me, the Door to Andromeda is open now and unites the higher planes with the lower planes.

I want you to enter the same state of revelation as the holy women and as My Holy Mother did, because that was possible through the Spiritual Communion that they lived during the exercise of the Last Supper.

Each time you receive the Grace of the Body of Christ, each time you receive the Mercy of the Blood of Christ, keep in mind and be aware of your important inner Christic molecule. Now you must concentrate upon it and work, although you may keep purifying and redeeming yourselves.

I do not want to make you glorious or survivors. I want to make you humble, capable, open, adhered and helpful to all that must be built in the important preamble to the Return of Christ, because My Words someday will end here, and there is not much time left. Each one is responsible and conscious at this moment of what they have received, because all that I give you and have given you must not be wasted.

Upon entering Andromeda, the Sublime Consciousnesses revealed their rays, which were the first thing they gave as a legacy from the Creator Fathers, the Archangels, the Plan that should be gestated and manifested throughout the times. And when the great interference and alteration took place through the fallen angel, this Plan had to be recalculated, as it is being recalculated now, second by second, in these definitive times.

For this reason, you must never think that the Hierarchy changes its mind. Now is the time for you to realize, through spiritual maturity, that all the Hierarchy proposes and does has the aim of fulfilling the Plan of Rescue. And when some piece, that is, some consciousness, moves from their place, becomes deviated or abducted by the consciousnesses of chaos, then the Plan must be recalculated, because the Divinity and Sublime Hierarchies do not only work for you, but rather for the whole world.

You must not forget, companions, that everything is already foreseen, as had been foreseen that today those who are here must be here. Have you by any chance understood what this means and why at this moment you are listening to these things that come out of My own Mouth, affirming the Will of God for the world?

In this apparent demand, there is a precious fiery tension that forges, in the terrestrial consciousnesses, an elevation, so that you may learn, once and for all, to no longer to think of yourselves, and to keep very clear in mind, at the center of your being, the Divine Purpose that is hidden before you, in the inner planes and which is up to you to fulfill and concretize.

When you open up to serve, I assure you that you are opening up to the unknown.

When you open up to love more and more, I assure you that you are entering the degrees of Love.

When you forget yourselves, I assure you that you are quite close to God, just as many consciousnesses on this planet have been, through the saints of the East and West.

All is possible when the consciousness wants to take the step. And when it takes the step it enters an experience that is similar to the one I lived in Andromeda, which took Me three cycles of material time to conclude because I not only glorified Myself and divinized Myself through the human person of Christ, but I also assumed, in a more profound and eternal manner, a commitment to your salvation.

Now, who will be ready, just as I was in Andromeda, to receive the Purpose about the continuity of the Plan of Redemption of humanity and of the planet, in the part that is up to each one to live and fulfill?

Who will be capable of being the caretaker of this Purpose?

Who will be capable of loving it beyond themselves, although they do not understand or comprehend it?

Who will be capable of illuminating their consciousness and their cells through the impulses that I bring you in this Sacred Week?

Because what I need is very great, but it is also very simple. I need you to decide to be blessed, although you are on this sorrowful and wounded surface; I need you to dare to give your lives for Me, just as the apostles dared to during their apostolate in the Holy Land and beyond the Holy Land; I need you to dare to be capable, just as the Holy Mother and holy women were, to cross all of Europe and reach England, to found the Order of the Templars and strengthen the foundations of the Christic energy on the planet through the Inner Centers.

Who will be capable of giving continuity to these spiritual treasures, while millions of souls in the world are absolutely distracted and disconnected?

I ask you to pray for those who must still awaken. and for you to keep awakening and not believe that you are awakened, because if you were truly awakened, some things would no longer happen to you.

But I invite you to again trust in My Redeeming Love so that you may learn to trust in My Cosmic Love, which is hidden in the Heart of Andromeda among all Hierarchies. Because just as today, Thursday, I celebrate this moment with you, and I will celebrate with you this moment of consecration for a greater and inexplicable reason, in the same way, hundreds of Hierarchies, at this moment, are gathered around the Son of God, before the Face of the Lord of the World, of the Divinity of Christ and of His ultra-terrestrial aspect that presents itself to all as the Solar Angel.

I now ask you to think: How is it possible for a human being, who incarnated among you, taught, preached, redeemed and gave his life for a greater reason, how was He capable of converting Himself, after His Ascension, into a Solar Angel?

You must contemplate this in the innermost depths of your heart, without seeking an immediate answer. The steps of evolution and of the expansion of consciousness are ruled by the Law of Love. That is where your expansion and elevation begin.

The more you love, the more you will grow, and your pride will be dissolved. You will no longer want to live personal power, because Higher Love will lead you to live Supreme Will through commitment and responsibility, through the lineages, called virtues and talents, that I gave to each one of you.

Friar Elías del Sagrado Corazón de Jesús:

Through the portal that is open behind Christ, the Lord makes us, at this moment, contemplate Andromeda and all the stars around this place, just as all the suns and all the Sublime Consciousnesses that, at this moment, are in communion with all hearts that are open.

He asks us to contemplate Andromeda in our inner world, and to see within us our inner universe. Let us contemplate, for a moment, listening to the melody that is being offered. And let us empty ourselves into the Whole.

Under this powerful energy that embraces us and, through this reverential and devotional attitude, we will proceed, in the Presence of Christ, to the consecration of the new priests.

We ask that we may remain concentrated and united to this important moment that Christ is carrying out.

We ask the Mothers to approach the stage, the foot of this scenery, and that each one may bring a candle with her.

Please, bring a candle here.

Let us not become disconnected.

Let us contemplate Andromeda in our inner world, let us drink of this Fount that Christ is consciously offering to us and thus, let us accompany this ceremony with reverence and devotion.

My children who will be consecrated today, before the authority that I will grant you as from this moment onward, at the request of the Most Holy Mother and responding to Her loving and eternal supplications; firstly, may God grant you not only divine but also terrestrial maternal protection, through these Mothers, consecrated to the Celestial Spouse, and who are thoroughly available to sustain you, listen to you and console you.

This step that you will take today will not be something personal, but it will rather be something planetary so that, through these apostles that I am consecrating in these times of darkness, you may re-build My outraged Church and, especially repair the offenses that millions of priests throughout the world have committed against Me.

For this reason, the nine Sublime Consciousnesses of the universe, the Highest Priests of the universe, accompany this solemn, divine and reverential moment today, so that the spiritual lineage of priesthood, which I established in this world two thousand years ago, may be reconstructed and reconstituted.

And through the Pious Mother of the Holy Spirit, the Mother of consecrated souls, who has untiringly supplicated for the priestly life not to become lost, today, before all and especially before all priests of the planet, through the Light of the Holy Spirit, I entrust you that you may be guardians and caretakers of the Sacred Office that I taught the apostles, which My apostles have taught throughout the times, so that Heaven and Earth may unite in perfect harmony and redemption.

Christ addresses each one of those who are being consecrated:

May the Holy Spirit of God illuminate your steps today.

Christ addresses one of the new priests:

The Lord consecrates you today as Friar Juan Evangelista, in honor of the apostle who loved the Cross until the last moment, the apostle who consoled the Lord in His most difficult hours, and who, together with the Heavenly Mother and Mary Magdalene, as well as Joseph of Arimathea, did not leave the Lord alone, because they suffered with Him until the last minute of His expiration. Welcome, Friar Juan Evangelista, may the Holy Spirit illuminate you today.

Friar Elías del Sagrado Corazón de Jesús:

You may make your offering before Christ.

Incense.

"Lord, Beloved Father,
You who purify, through Your Love,
all that You touch and contemplate,
purify today the human consciousness of its inferior condition
so that it may rise before You,
as at this moment Your Son is before Your Throne,
so that these consciousnesses may praise You and glorify You
just as the angels of Heaven do.

Adonai,
through this incense offered
at the Temple of Your Heart,
bless all."

Friar Elías del Sagrado Corazón de Jesús:

Holy Water.

"Lord, Emmanuel,
before You created Your children,
You thought of taking care of them and of loving them
as a loving Father, and you granted them water
so that, through it,
they might learn
to quench their thirst.

May Your Graces and Mercies
flow like a wellspring at this moment
upon all the dark spaces upon the planet,
and in the favorite union
of the souls that are present here,
may this blessing re-establish peace in humanity.
Amen."

Friar Elías del Sagrado Corazón de Jesús:

The Virgin Mary is present at this moment, as the Mother of all mothers and of all priests.

We may bring the stoles here so that the Lord may bless them with holy water.

You may come, Friar.

Through this priestly symbol, may the souls of the priests be a bridge of Light between the Infinite and the planet so that, in their sacrificial surrender, the souls that most need the Love of God may reach His Heart. Amen.

Friar Elías del Sagrado Corazón de Jesús:

The oil to bless.

You may uncover the oil. You may raise it.

With love, My spouses of Jerusalem anointed My Head and My Feet before the Passion.

With love, My spouses of Jerusalem anointed the wounded Body of the crucified Christ.

With love, My spouses of Jerusalem anointed the Resurrection of Christ through their trust in Me.

May those who will be anointed today always anoint those who need it, for in the powerful Anointment of the Cross lies your liberation. Amen.

Friar Elías del Sagrado Corazón de Jesús:

Now, at this moment, we will call the following Mothers, so that they may stand behind the brothers who are being consecrated:

Mother María Fidelia behind friar Paulo Mateus, Mother María Shimani behind friar Juan Evangelista, Mother María Getsemaní behind friar Shemaya, Mother María del Salvador behind friar Nazareno.

Now the Mothers who are behind their spiritual sons will give the candle to the brothers, before them, and, before giving them the candle, they may make an inner offering to Christ.

Friar Elías pronounces the Prayer to ask for Divine Wisdom for those consecrated.

Friar Elías del Sagrado Corazón de Jesús:

Now, before the Lord, the brothers will make their act of priestly consecration.

The new priests pronounce the prayer indicated.

Friar Elías del Sagrado Corazón de Jesús:

In this way, still before the Heart of Jesus, may you contemplate the immensity of His Work of Love and Mercy.

We invite all those present to together relive the Last Supper.

"Celestial Father,
may these alliances represent
the perpetual union of souls
with Your Divine and Glorious Heart
so that the perfect union between Heaven and Earth
may be established forever."

Just as, at the Sacred Cenacle, I offered to you eternal commitment to Me, today I offer to you, My new apostles, the same commitment to My Heart.

The priests pronounce the Prayer of purification of the priest before celebrating the Eucharist.

Just like that night, when I gathered with My apostles, today, in solemnity, I gather with you to re-establish the union between Heaven and Earth, between souls and God.

For this reason, with a Love that is unknown to all who are Mine, I take the bread again and offer it again to the Father, so that it may be converted into My Glorious Body. In the same way, I break it again, and, offering it to all, I say to you: "Take it and eat it, for this is My Body, which was given for humanity for the forgiveness of sins."

We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.
Amen.

Friar Elías del Sagrado Corazón de Jesús:

We revere the Living Body of Christ.

Then I took the Chalice into My Hands and, offering Myself even more to the Father in sacrifice and love for each one of My companions, I asked Him for the wine to be transubstantiated into My Precious Blood. Then, I passed it to My companions, as I pass it to you today, saying to you: "Take

it and drink it, for this is the Chalice of My Blood, the Blood of the New and Eternal Covenant, which was shed by your Redeemer for the remission of all faults. Do it in remembrance of Me, for I am returning."

We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.
Amen.

Friar Elías del Sagrado Corazón de Jesús:

We revere the Precious Blood of the Lamb of God, which takes away the sin of the world and gives us peace.

Behold the Body and the Blood of Christ. Happy and blessed are those who avail themselves of this powerful Sacrament, because I always promise you My Love, My solace and My Peace.

Friar Elías del Sagrado Corazón de Jesús:

United to the Sacred Heart of Jesus, present and unfathomable at this moment, let us finish offering these transubstantiated elements, in honor of our Redeemer, so that His Love and His Mercy may be established on the planet.

We end this consecration singing the Our Father in Aramaic, together with the angels of Our Lord.

Song: "Our Father" in Aramaic.

May the Peace of Christ descend to Earth.

In union to our Master and through a gesture of reverence, we greet our brothers, giving them peace.

*Lord, I am not worthy that You should enter under my roof, but only say the Word, and I shall be healed.
Amen.*

And we announce, at this moment, at the request of Our Lord Jesus Christ, the Spiritual Communion, at this important celebration of the memory of the Last Supper, so that these exercises may perpetuate throughout the times and congregate many, many more souls, through the Love of

Our Lord.

Today, Our Lord asks us to commune for the non-redeemed.

All receiving the Christic molecule of the Lord.

All contemplating, at this Communion, the Sacred Heart of Jesus, and expanding the Light of this Heart to the whole world and to souls, through this alliance with the Communion of Christ; radiating this Light to all our dear beings, brothers, sisters and acquaintances; our families, friends and companions; all receiving the Light of the Sacred Heart of Jesus which He emanates, at this moment, to all.

Let us place in the Heart of Jesus all our loved ones and the planet, affirming this union with Christ; all being relieved and consoled by the Sacred Heart of Jesus, present at this moment.

Let us feel the same embrace He gave His apostles at the Last Supper. And let us adore the King of the Universe through this Eucharist.

Most Holy Trinity,
Father, Son and Holy Spirit,
I adore Thee profoundly. I offer Thee
the Most Precious Body, Blood, Soul and Divinity of Jesus Christ,
present in all the Tabernacles of the world,
in reparation for the outrages, sacrileges and indifferences
by which He is offended.
And by the infinite merits of the Sacred Heart
and the Immaculate Heart of Mary,
I beg you the conversion of poor sinners.
Amen.

Now I can go in peace, for this moment is consummated, by internally giving you the first impulses of My physical Return to the world.

I bless you and grant peace to the world, and especially to those who are suffering.

In the name of the Father, the Son and the Holy Spirit. Amen.
