MESSAGE OF THE ETERNAL FATHER, TRANSMITTED IN GAVARNIE, PYRINEES, FRANCE, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

I Am here, not only where you can see Me and contemplate Me through Nature, all that I Have created so that you might be happy through My spiritual wealth; but I Am also within you, strongly calling you towards the innermost depths of your being so that you may listen to Me and follow Me.

I Am not a God of Justice, I Am a God of Mercy.

I Am a Father who, with a sorrowful Heart, contemplates how His Children behave, how His Creatures not only act against My Creation, but also how My Children do not respect one another and would rather wound one another by causing wars, destroying families, displacing millions of the innocent, separating parents from children, so that they may go to war.

O, what intimate and unknown pain this whole situation generates for Me, a situation that distresses My Eternal Fatherly Heart, of a Father who is no longer heard today, even while I send My favorite Messengers from Heaven and from the Stars.

Look at what My Creation has been converted into, to the point of wanting to conquer space, only to demonstrate who can do more.

My Creatures, I assure you that you will never find Me amidst wealth, you will never find Me in what is comfortable or pleasant for all. My Essence is perpetuated in silence and in Love.

I created you for you to bear fruits in Love, in service and in fraternity. Without these three essential principals, My Children will not be able to be happy because I created you to love Me, I made you grow in order to serve Me, I united you as brothers and sisters for you to live in fraternity.

And in a planet of inequalities and ambitions, My Children were led astray in darkness and vices, forgetting Me and believing, due to the deception of My adversary, that I abandoned you.

How do you believe that an Eternal Father could be capable of abandoning His Children or of punishing them?

I know that, throughout the times, many of My Children, even those who claim to be spiritualized, have lost the ability to hear Me and recognize Me. I always try to send you signs of My Presence so that you may know that I Am here, not only in the beauty that I Have created for you, but also within you, which is many times censured by your points of view or your ideas.

Thus, those who I once chose with My own Hand have distanced themselves from Me, they have believed in themselves and ceased to believe in My Consoling Love.

How do you believe the Celestial Father may feel when brothers and sisters treat one another inadequately, fiercely wounding one another, destroying the house that I gave you with so much love and care?

How do you believe that the Heart of your Eternal Father might feel when bombs are launched, lives are annihilated, Children are discarded, families are separated and hatred and impunity are sown?

How much more will My beloved Children make My silent Heart suffer?

Children, this is not the world or the humanity that I wish for you, you have lost the way to the Promised Land, for this reason, I Have, up to these days, sent you My Resurrected Son and the Mother of all, a Mother who only asks Me to allow Her do more and more for Her little and ignorant creatures.

I ask you to tell the whole world to turn towards Me, because My Heart needs to be repaired, but My Arms are constantly open to receive you, to listen to you, to call you to the path of return to the House of your Loving Father.

If souls do not turn to Me, hearts will keep suffering, families will be the social fracture of the times, wars will keep being in the news and a source of commotion to all.

I did not create you for you to be converted into instruments of evil, I made you emerge so that you could be witnesses of My Love.

In My eternal silence, I pray for you, together with My adoring angels.

And for those who offer themselves to Me, as postulants to be victims of My Love, let them keep aspiring, every day, so that the lives of the New Christs, anonymous and selfless, may keep being the cause and reason to placate all errors of the world.

That, by the merits achieved in the countless sufferings of My Son, more consciousnesses may someday realize, by themselves, that they have forgotten the Love that created them.

Who always blesses you eternally,

Your Celestial Father,

Adonai
