### DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Come into My Peace and, in your faith, live in My Immaculate Heart. Drink from My crystalline Source of Love and Forgiveness. Abandon your heart in Me so that My steps may guide the new path. No longer let the time pass without being in prayer with Me because the beads of contemplation form part of the salvation of humanity.

Recognize that your heart is still growing and that life drinks from the source of learning and of the knowledge of God. My child, allow each soul to live the school that it has come to attend. Without experience your lives will not be able to witness the presence of My Son, because love is learned through the walk of each heart.

My Words are nourishment for your lives; they are the fire that illuminates you so that you may find the Source of Peace.

For this reason, little children, today I tell you: remain in My Peace! Walk through each learning experience united to My Heart, because It will guide you. Know that My eyes accompany each one of your steps so that in My Maternal Vigilance you may be able to take refuge under My Mantle of Protection.

Many of My children are still unprotected because their lives are without God.

Now, can your hearts see how close I am to each one of you? I am a Simple Heart that wants to impregnate you as a prayer for the heart. I will only show you the true and the good so that

your hearts may be able to grow and walk.

Therefore, again I tell each one of your little hearts: enter into My Peace! Abandon yourselves on My lap so that I may be able to sustain you as I did with Jesus. Be always like children so you may be very close to God. Return to the path of sanctity through the absolute faith in My Son.

I illuminate you with My Heart and I will find you in prayer with Me.

Go ahead!

I love you in the silence of My Immaculate Heart.

Mary, Mother of the Divine Conception of the Trinity

Dear children, I transmit this message to you in a special way, because it will help you to bring Peace, My True and Maternal Peace. It will also be an instruction for all.
