MESSAGE FOR THE VIGIL OF PRAYER AT THE MARIAN CENTER OF FIGUEIRA, TRANSMITTED BY THE MOST HOLY QUEEN OF HEAVEN TO THE VISIONARY SISTER LUCÍA

Dear children of My Heart:

With joy and Peace I return to this house of Mine to bless it and to consecrate it through My presence, renewing in this way the commitment of My soldiers with Me and restoring Peace in this place and in all of the hearts so that this may not be lost.

My children, I thank you for having prayed together with Me, preparing in this way My arrival to this blessed house. Your sincere prayers allowed the awakening and the Salvation of many souls that used to live forgetting God.

Through this impulse I come to ask you to renew yourselves with Me in prayer and to give priority in your lives to the vigils that you realize in union with My maternal presence because in this way you will be demonstrating to God that you understand a great necessity of these times.

A vigil realized with Love, with purity and with truth, for the simple necessity of uniting the heart with the Most Sacred Heart of God, will be able to bring Light to the darkest spaces of the human consciousness; it will be able to convert the sinner most involved with evil and it will be able to save the souls that are most lost.

I do not ask you for great efforts, I only ask that you commit yourselves with soul and spirit to manifest My requests and that you pray, that you pray much in order to attract in this way all of the Graces that live in the Celestial Kingdom and that await to descend upon the Earth.

If you truly pray all the obstacles that exist against the manifestation of My Marian task will be dissolved because the Light of your hearts will take Love to the plans of the enemy, Love that transforms all that is a will contrary to the Will of God.

The key necessary to open all of the doors of the Universe and to transform consciousness is in prayer. For this pray so that the Plans of God may manifest themselves.

Pray so that the souls may approach to My Heart.

Pray so that Light may traverse the world and illuminate the abysses of this Earth.

Pray so that the kingdoms may be alleviated from every pain caused by the human being.

Pray so that your souls and spirits may definitely find the Heart of My Son.

Pray because you must pray, because the Archetype of the life upon the Earth is in the beings that are perpetually united to God.

Today I tell you that prayer is the primordial task of My Marian Centers because without it the Will of God will not descend upon the Earth and conversion will not reach the hearts.

If you do not pray My Mission in the world will not be fulfilled.

If you do not pray your hearts will not achieve God.

Without prayer you will walk without going anywhere.

Pray, My children, pray always with Me, I come to the aid of your hearts.

I love you and I thank you always for being with Me, answering to My Call.

Mary, Mother and Queen of Peace
