APPARITION OF THE VIRGIN MARY IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

Today, My Graces can be poured out over the innocent and pure.

Today, My Heart has perceived the grandeur of your hearts, and God has allowed Me to come here in glory, with the companionship of Saint Joseph, bringing you all a missionary soul, the spirit of service and of charity. That, in truth, dear children, is what will change your hearts all the time.

Today, with My own hands, I have gathered up the souls that suffered in the last months, and it was the result of your prayers that opened a flower in My Heart; and I was able to sense the aroma of your feelings, the purity of your hearts that dared to respond and gave Me an absolute 'yes' so that Justice not descend to the world.

I do not promise you, My children, that many will not suffer; many must pay for that which they have done with the same price indicated by the Law. But if you continue to pray from the heart, My Immaculate Heart will expand through the world, and in this way, as I once did in Fatima, I will be able to reverse all the evils of humanity.

Remember that I am the great Sun of the Universe that in Its eternal Heart takes in the pleas of all Its children.

Live your transformation calmly. Let your hearts no longer suffer, but rather be strengthened each day with each new prayer you speak.

While you are with Me, My children, I promise you will not suffer, but that indeed you must be purified, because you are in the time indicated for experiencing it daily, just as God has foreseen in His Divine Thought. Some will suffer, others will endure less, but the whole world must transform; for all must be worthy of receiving My Son for the second time, when He comes in His Glory and in His Mercy.

Remember the Mercy of God every day. God has heard the voice of your pleas and of all those who with love pronounced the divine verb of prayer, which is what will completely transform humanity and will help the souls that are condemned to the fire of hell.

Today, I was able to lift up many souls to the Kingdom of God and this is a product of your constant effort, of your immediate response to My Immaculate Heart. Today, I am in the presence of simple and humble souls, pilgrims that have come from various places to visit Me. Even though they are unable to see Me, let them know that I visit their homes when they open the cenacles of prayer and are consecrated every day to My Divine Heart.

Remember, I am the Queen of Peace, Mary of the Graces, Who fosters peace in all of humanity and Who comes from the Kingdom of the Heavens to bring you the hope and joy that many of My children have lost throughout their lives.

I promise that some will be healed; but many must heal their spirits, fast and do penitence to concretize the reconciliation with God. In this way, you will be worthy and pure so that My Heart can approach your homes every day.

I ask you for simple sacrifices, but when they are true and done from the heart, just as it has been from yesterday until today, everything can be transformed in time.

Remember, My children, I am your Holy Mediator of Peace; I understand and comprehend your suffering hearts. I see your obstacles and limitations, but Love can do anything, My children; the Love of God in your Hearts will be able to do anything.

When you see that the world is about to end and that in the streets there are social revolutions, fallen and suffering souls, live your service fully. Do not fear; open your hearts to help others.

What happens in the East is part of this humanity, is a product of the evil of the enemy. But My Love will always win and My feet will step on the head of the evil serpent so that hearts may prevail and live in God.

Today, I announce My Graces to the world; but now, My children, I need your sincere permission for this to take place. I know that many of you need My spiritual help. Many must continue to pray all the time; others must strive in service and in charity; and some must give their life in the name of My Son, so that this world may become rescuable and can completely change to the Light of God.

Also remember, My children, that I was among you in this world. My Heart was part of the Sacred Family of Nazareth. Vivify your families through the Spirit of My Son, renew your homes through cenacles of prayer. Thus, as Heavenly Mother, I will be among you all the time that I am able, alleviating your suffering, gladdening your hearts, bringing universal healing to your lives.

But there is a single key to which you must respond; it is the key of change and of transformation. It is time, My children, for you to reconsider and observe everything you do day by day, because this also has a great influence in the Plan of God, and if you do not do this, it would create the impossibility of the Plan being concretized.

If your lives are simple but true, the world will be able to transform and be saved, and the Mercy of God will come to simple hearts. It will be offered to hearts that have done evil and souls will be able to change to the great Heart of Christ.

Just as I have done throughout time, traveling through each country and each nation, each community of this world that has known My different Aspects; today I come with the Aspect of Mary of Graces so that you, My children, may unite with My supreme Grace, which is a source of reparation and of healing for the world.

So that I may continue to pour out Graces over the world, I need your hearts to be prayerful and that you not tire of speaking the creative verb. This will free you from all the evil that exists in the world, when you simply pray, beloved children, and sing to My Heart, just as you always do; I always hear you from the Celestial Kingdom together with the angels of God.

While you sing, let the Children of Mary draw close and at My feet, form the cenacle of prayer and of love.

Especially to those who will be consecrated in San Carlos, I send My ray of gratitude; and to those being consecrated now, let your shirts be symbols of light and mirrors of love for the world, from the heart of each soul.

Lift up your candles to Heaven, stand up from your chairs and pronounce the Peace of God to the world.

Sing with your heart and listen to My call. Give Me your pleas and ask forgiveness for all those who do not do so and do not remember God.

Let the pilgrims, who came here, also approach and form this cenacle of love around My Immaculate Heart.

Song: "Lady of Graces".

Lift up your pleas to Heaven, for My Heart opens today like a flower to be able to lift up your simple petitions to the Kingdom of God, in honor of the Sacred Heart of God and for the salvation of this humanity.

Prayer:

Lady of Graces, Spirit of Peace,
blossom like a flame in our hearts.

Amen.

(eight times, in Portuguese)

While My Heart rises up to Heaven and the whole universe assembles under the power of the Light of the Creator, continue to sing to My Immaculate Heart, for a sorrow has already been alleviated. There are only six more until humanity may be free and achieve a consecration to the apostleship of Love in the end of times.

Let the bells ring. Let the angels assemble and lift up the offerings of the beings of this world.

I thank you, My children, for responding to My call!

May the Grace of God fill you and universal hope be the purpose of consistent souls.

I bless you, My children, under the blessing of the Father, the Son and the Holy Spirit.

Mother María Shimani de Montserrat:

After this beautiful meeting that we had with Our Lady, in which it seemed that yesterday's suffering could not be soothed by anything, this small effort we have made, which we could almost say is insignificant, can change the events of this world.

For this reason, we need to be clear in our heart that we must give the best we have, because we can really change the events of this world. We must always have a great deal of faith that it will be this way and do everything with love. This will change this world.

Let us ask Friar Elías to tell us in what way Our Lady came today.

Friar Elías del Sagrado Corazón de Jesús:

She named Herself Lady of Graces, and many things continued to happen before, during and after the Apparition.

The Divine Mother appeared resplendent, shining. As She gradually descended from Heaven, many things were taking place before She arrived.

She showed how She rescued souls through the magnetism She has through Her Heart. Through the feeling of Love She radiates through us, souls go drawing closer to Her Kingdom, and it is in this way that Mary lifts them up little by little.

While Mary was giving us the Message, She was talking about the pilgrims, and invited us to be like those pilgrims in the life of simplicity and humility they experience.

Mary explained these things to us so we could understand that She too lived in this way when She was on this planet. When She spoke of these things, She showed scenes of the Sacred Family that happened in the past, which She brought as a present for each of us.

Afterwards, She invited us to reactivate the spirit of consecration of our families to the Sacred Hearts, because many families are being divided in this time and it is important that the spirit of prayer be in them so that nothing bad can happen to them. It was something like this that our Mother was telling us.

Afterwards, She said that many would experience several situations, which She couldn't tell us what they were, but which referred to the path of our transformation and our surrender to God on a daily basis.

Today She was surrounded by many angels. She showed us different choirs that were positioning over us, while we intoned the song Lady of Graces. They were working with our beings, with our souls, and were taking away a lot of inner pain and suffering, because Our Lady was pointing it out to them.

Afterwards, Our Lady not only worked with us, but with the world. She showed that several regions of the planet, through the efforts of our prayer, were being helped; and also many souls were helped.

Today, Mary had a very kind look, a serene Love also very kind and gentle. She radiated that Love and that Light not only with Her gaze, but also with Her Heart. And from around Her Being many

rays were emerging which radiated up to 2 or 3 meters from Her. Then, when She asked us to approach, we entered those rays of Light. And from each ray beamed by Mary, from around all Her body, we received special help. Each ray being beamed was doing a task with us, and She united the Heavens with the Earth.

For some instants, this hill became sacred, because it was full of angels that worked in this place and in other places, with our souls and with many more souls.

When Mary asked us to give Her Heart our petitions, She put away each one of our intentions. And at one moment, She showed Her Heart to us; how Her Heart received all our pleas, which were small spheres of light that filled Her Heart, surrounded It, filled It full; and She radiated each of our intentions with Her Love. What is most important is that today She had us feel Peace, as the Mother She is, the Mother of Peace.

She gave us back Peace. Not only us, but many brothers and sisters that are not here.

Mother María Shimani de Montserrat:

Thank You, Mother, for all that You give us!
