FIRST MONTHLY MESSAGE OF GLORIFIED CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

I come to repeat to you the message that was not listened to in Rwanda:

Repent, you are still in time to do it, before it is too late! Offer to the Eternal the opportunity and the moment of your sincere repentance.

Day and night, from the top of the mountains and ridges of Africa, I listen to the request for help and relief of those who have to been mutilated. Offer your repentance to the Eternal and Supreme for all those who do not seek My Unfathomable Mercy and who, in this bloody hour, only seek to generate fear and sorrow in the world.

Since the last day in which I was with you, I promised you to return in the moment of the greatest tribulation. Today, I tell you, as I told the whole Rwanda: Repent and do not only apologize! This will no longer suffice to the law of God! Seek to understand and to know where the whole humanity is failing.

But today I do not come to be your judge, but your beloved intercessor that cries and sees blood streaming like water among the streets of this world. There will only be one solution for all that occurs: that you clamor all the time for My Infinite Mercy. Thus, My friends, you will be deserving, as many others, of receiving in this time, the last table of salvation and pity.

While My Sacred Heart collects the weeping of the innocent and of all the faithful Christians, I ask you to remove from your lives everything that is considered as normal and that, from today on, you begin to penetrate more and more into the Mystery of My Heart Flagellated by the world.

I encourage you to walk amid darkness and to not feel any fear for what will come because if I Am Your Master, the one who walks before your lives, why would you stop trusting Me?

Accept My convocation. The result of all the serious faults that are committed and that once again deeply offend Your God, is already being observed in the universe. For this, feel blessed for listening to My call, it must echo into the deepest of your hearts.

And I repeat to you: Repent!

It is urgent and indispensable that everyone opens the doors and the paths to this important humanitarian and spiritual mission to Africa, for Peace in this suffering region of the world.

Today I leave you the only thing that I can legate and deliver to you, which is My Merciful Love, the one that is not being well availed by My good souls. Heal My Heart, in this way I will always be able to comfort you until the last days of your lives.

Under the Supreme Mercy of God, may the innocent be raised to Heaven!

Thank you for listening again to My Sacred Call!

Christ Jesus, the Flagellated Heart of Love
