### DAILY MESSAGE OF MARY, ROSE OF PEACE, ON THE OCCASION OF THE FIRST ANNUAL MEETING OF THE CHILDREN OF MARY, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MG, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

With Africa in My Heart, I prepare all of you so that in the spirit of prayer, you may peregrinate with Me to this beloved place so that the souls that suffer the most, may receive the moral and spiritual help that they need so much.

You, My children, strengthened by the codes of light of My Immaculate Heart, are already prepared to continue to find Africa in each brother and sister, in each soul and in each place of this world. The need of collaboration and charity is immense on all the levels of the life of the souls that suffer.

As your Mother of Consolation, today I come closer to your humanity in order to reveal to you and remind all of you about the places that need humanitarian and spiritual help. The society of this world prefers to turn its face around in order to not find the true misery that is not just physical, but spiritual, what generates the loss of the dignity and of the love that the souls deserve.

But our Celestial Father that is in the Heavens sends His Divine Messengers so that through Them you may recognize the immediate will to respond to a need that embraces other levels of consciousness.

My Children, on this day I already show you in My Heart, the Africa in need, the one that throughout the ages was degenerated and lost the possibility of receiving the charity that the souls expected so much.

In My Immaculate Heart lives the Africa of the poor and of the indigent. From the internal heart of My being, your Celeste Mother expects that all of Her soldiers may feed the hungry belly, heal the depleted body, wash and purified the wounds of the dying and mainly, reflect the light of the Kingdom of the Heavens, which is within you, on all those that live eternal darkness.

For this, dears, may this sacred encounter motivate you to renew your vows with selfless loving service for the humanity that is buried on its own desert of aridity and despair.

I ask you, dear children, that you may be able to see in My arms, this great Africa, the one that, because of humanity, has not been able to fulfill the designs of the Creator.

As the Mother of Peace and of Mercy, I come on this day to pour Graces on everything that seems impossible to be solved. But know, children, that you, awakening to the selfless love for the interior Africa, will help Me so that the most basics needs may be able to be supplied by means of the servers of peace.

On this day I prepare you to embark on a new mission that all will be able to accompany closely. With this purpose I tell you that from the first day of the mission until the return of the missionaries

who will take Me as light in their hearts, you must pray the Holy Rosary, that is, the fifty beads of a mystery in an African language, offering to the Creator a supplication and an internal wish so that His Infinite Mercy may be poured over the places that were hurt by My adversary the most.

May this day of celebration and renovation have as a consequence for all, the immediate response to a planetary emergency of help for the recovery and for the spiritual resurrection of the human dignity.

Remember, children, that love is capable to transform everything, as in the Love of My Son it is found the key to revert everything.

I thank you for answering to My call!

Who congregates you on the favorite Cenacle of the Heart of Christ,

Your Mother Mary, Rose of Peace and Queen of the New Humanity
