DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Rejoice your heart for the Graces that it receives in My Maternal Presence.

Dear children,

The Lord be with all your souls so that life may be nourished with the Benevolent Love of My Son.

My little ones, today I invite you to contemplate and to understand with the heart the union with My Son in the communion. There you will find the restoration that the soul needs for its life, as well as the love that can give you the strength to continue on the path of consecration.

Dear children, it is important for these times that you be before the presence of Christ just as you are in your hearts, in your feelings and in your thoughts. He knows you deeply, but beyond all, He loves you with compassion.

Therefore, dear children, in Jesus Christ you will find the path towards the Temple of God. He calls you to share the love of your hearts over all My children that are distant from love and from true peace. Christ wants to see you in service and in giving so that together with His Most Holy and Merciful Heart, the world may be relieved from its own weight.

See well, little children, God the Father has given you a treasure and a gift that He emanated from the center of His Creation, and this present is the Earth, the Planet on which you live. For this reason, My little ones, not only the time of Grace for all souls has come, but also for My tiny Kingdoms of Nature which form part of the life of Creation.

It is up to you, dear souls, to restore with love and braveness what humanity has destroyed in the Kingdoms.

I invite you to be in contemplation before My Son so that His Heart may permeate you and may give you wisdom. In this way you will be able to collaborate in the salvation of all souls and of all the Kingdoms of Nature.

I am the Mother and Guardian of all of you. I am the Servant of the Creator. Today I want you to imitate My path: the pathway towards the peace of the heart.

May God save the Kingdoms!

My Heart cries out for humanity!

In the Blessing of God,

Mary, Mother of the Divine Conception of the Trinity
