DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

Never lose the merciful power of faith in your hearts. We are now in the time to unite, in fraternity, the feelings and the talents of each one so that the works of God may be fulfilled on this suffering Earth.

Dear children, trusting in My Son will give you Light on the path to continue towards the life of eternal peace. The world still has much to learn through the lessons of humility. If in truth humility is lacking in the heart, the possibilities of peace will be reduced for the life of the hearts. Humility and prayer are needed, little children, in order to live in the Will of the Eternal Father.

For this reason I invite you to unite, on each new day, to My Glorified Son in the sublime act of communion. Each moment of communion with Christ is a renewal for your hearts and it is the forgiveness of all the faults committed. In this way, little children, your souls united to Christ will be relieving the desperation and the lack of peace that the world lives. Besides this, if you and each one of your brothers and sisters allow prayer to become life in your hearts, you will always be able to find the source that will quench the thirst.

In each new moment of prayer, your hearts will be renewed and will be affirmed in the gift of faith, thus consecrating themselves to My Immaculate Heart. See My Heart of Mother as a flame of wisdom so that your lives may feel the constant shelter for each one of your hearts by the presence of My Maternal Love.

Dear children, you know that the world and all humanity need prayers so that My Son in His Unfathomable Mercy may be able to help all souls. You must await each day, with joy, each encounter with the Sacred Heart of Christ. In Him, you will see clarity for life and the healing of all the wounds of souls. With this, I am telling you, dear children, that through My Son you will find the Divine Door towards the Heavens.

We are in a time of Divine Mercy. Walk taking your steps towards the Lord in the faith of the heart. Soon everything will pass.

Who adores you in the Holy Heart,

Mary, Mother of the Divine Conception of the Trinity
