DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

As I am the Mother who reconciles and protects all souls, My children, I remind you of the importance of being in the Peace of the Lord, because He knows you well from your birth, and My Maternal Heart has held each one of your souls in Its arms so that you may revere the Infinite Love of the Creator.

Dear children, for this reason today I tell you: rise from where you have fallen and walk bravely to the Source of My Son Jesus, because He will wash you and heal all your inner wounds. For this to happen, little children, your hearts must humbly say "yes" to God and with this permission, Jesus will help you.

Remember the importance of Divine Mercy because you are still in time to unite in trust to My Son Jesus. He, as Priest and King of this world, calls you to contemplate with simplicity the merciful Heart of God who, from the beginning, has created you in His image and likeness.

Therefore, dear children, do not waste more time and, as Mother of Eternal Love, I invite you to reflect about the current defining time that you are living.

Do not fear! I am here in the name of the Grace of God to conduct you as a flock to the Great Shepherd of shepherds, the Divine Heart of Jesus.

Live the spiritual principles that My Son left to you: confession in Jesus, daily communion, and constant prayer to be in the Grace of the Vigil. Each one of these principles will lead you to be in God and to live the reconciliation that My children must exercise from the essence of the pure heart.

Walk towards My Maternal Heart; it is time to elevate your- selves as souls to the feet of the Creator. Walk, My dear children, with complete trust in Jesus, Shepherd of all, and look at the new horizon.

I thank you.

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
