DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

While from Heaven, God the Father keeps His sacred gaze on all humanity, dear children, today I call you, as I do every day, to the reparation of the heart through prayer. An immense number of souls await the prayers of all the Marian missionaries consecrated to My Immaculate Heart; souls that, being distant from the path of sanctity, lead themselves through pathways that are contrary to the ones destined for their lives.

Therefore, My children, as a Mediator in this world of today, I call you to contemplate the Merciful Face of Jesus as the only path to the redemption of the heart. These times distract the souls more each day and conduct them towards intentions that distance their hearts from the path that leads them to God.

Today I call you to pray with all the heart so that God the Father may hear the pleas for the salvation of all His children in the world.

With a thorn thrust in My Maternal Heart, today I ask that through prayer you repair My Immaculate Heart so that as the Mother of Mercy I may be able to sustain for longer all the hearts that are losing themselves.

May all My children be conducted by My Maternal Heart so that all creatures may raise their arms and cry out for pity.

Dear children, it is time to become conscious of the life of prayer; a prayer that, by the divine power that it acquires, will be able to protect you in the moments close to the end of this cycle in the world.

You must be reborn through prayer as precious instruments in the Hands of God. All My children are called to collaborate with the planet. It is necessary that all of you know that someone in this humanity must intercede before the Creator.

For this, My Son has given you the shepherds. Pray for them so that the Holy Spirit may guide them in these moments.

I thank you for your prayers!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
