WEEKLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN FÁTIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

My dear children,

As your Mother who loves you and protects you, I Am the One Who guides you to Jesus so that, in Jesus Who is Love, Truth and Wisdom, you may live in this time the transformation so that humanity in all its condition may be transformed.

Therefore, I am here as the Mother of the apostles of My Son so that you may be encouraged to cross the path of inner purification, just as your Divine Mother, St. Joseph and the little Child lived it, so that the values of spiritual life may be present in humanity.

Without purification the soul is not liberated, remember that purification is not pain, but liberation. Purification is not a punishment or a penalty, it is a Law that helps you in the detachment from the superficial and insensitive life.

Dear children, the planet is going through this culminating moment, prior to the Return of Christ. Therefore, I am here as Mother Intercessor so that My children understand that the definitive door of redemption must be opened.

On this day and in this month of August, the Sacred Hierarchy meditates and reflects on its next steps to be able to help humanity; but for this to become a reality it is necessary to have confirmed servers capable of assuming for themselves the Purpose that is designed by God Himself from the beginning.

Remember the pencil in the Hand of God, may your souls allow God to continue writing.

I am here as always, I am your Mother.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace and Mother of those who say yes

Words of the Virgin Mary during the consecration of Daughters of Mary:

Today, My Words are directed to what you truly are and why you have come to Earth to serve God.

In that pure and immaculate space, which dwells in your essences, it is where My Son and Our Father God place Their designs, impulses that manifest themselves as small seeds that, through your efforts, surrender and disposition, can germinate until one day they become something very important to God; so important that He so much seeks in each one of the souls, that the Children of God, His Creatures, may be His instruments on Earth, empty, stripped and unconditional. I am fully aware that it is challenging for human beings, but with the strength of faith, children, everything is

possible.

Remember what My Son said in the Gospel: "If your faith were so great and strong, you could tell the mountain to move and it would move." This is part of the reality of the Law and of the experience of the Law of life.

Therefore, today I consecrate you, even though you are already My daughters, My daughters called to be mirrors on Earth that reflect My Motherhood and Love for the souls and the Kingdoms of Nature.

Receive My spiritual blessing as the beginning of a new stage, as the opening of a new path that, through your conviction and faith, you will discover for yourselves; because it is important to know and remember that God has a destiny for each being, with the courage to embrace the unknown and the bravery to face these times and challenges.

The Hand of God guides those who seek it. His Sacred Hand rests on the heads of those who accept His blessing. He is not far from anything, He is in everything, He is in your inner world.

The master key is humility, which will never allow you to be far from God and His Love. That is why souls get lost in their own convictions, in their own ambitions, because the power that is not of God blinds souls until they are lost.

I come thus and on this day, through you, to rebuild the faith and the conviction that many souls felt when they were called to the path of the Work of the Hierarchy.

Nothing belongs to us, we are here in passing. We must only serve and pray, and the Father Who is in Heaven will do the rest even if sometimes you do not perceive it, because His Love is immeasurable, His Wisdom is infinite and His Power is governed by poverty, detachment and emptiness.

Behold the God of Life who makes all things new through His Son, Our Lord Jesus.

One who entrusts their life to God should not fear losing it, for there is nothing to lose in this world. He dwells in all forms. He makes Himself present in all geometries. His solemn Presence is in the silence, but not in a personal silence, rather in a stripped silence, capable of giving Himself tirelessly, as the Heavenly Father did from the beginning of Creation. He only wants you to experience Him, to feel Him and to recognize Him within yourselves; just as Jesus, My Son, wants to be recognized in you through the Eucharist.

May this beginning, this new beginning make the servants grow not only in spirit, but also in self-giving, in untiring offering so that the evil that is so great in this world may be extirpated.

Receive My Light and Maternal Love through this blessing and consecration, on behalf of humanity, as Daughters of Mary.

Keep My Words in your heart, for it is there that everything will always be understood, just as your Mother always did, Who kept the Words of God and His mysteries in Her Heart.

In the name of the Father, the Son and the Holy Spirit. Amen.
