DAILY MESSAGE OF THE MOST CHASTE SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Sister Lucía de Jesús: When Saint Joseph appeared today, He presented Himself in a way I had never seen before. He was dressed with a white tunic and a brown mantle that was held on His left shoulder and fell upon the tunic. He had in His right hand a branch of tuberose a little to one side, with three little flowers almost on top of it. His eyes were shining like never before, with a very light honey color. He looked younger, about 40 years old. He had the hair just above His shoulders and was standing on a green field among the clouds. He said that this was the image of the day when He was chosen to marry Mary in the temple and that this was the face that He wanted us to know in this time, because it would give us the impulse we need in order to start a new cycle. That moment represented to Saint Joseph the beginning of a new and definitive cycle, when He entered into the development of the archetype of God for humanity.

Today I come to meet you with this face because it is in this way that I will talk to you from now on, bringing to the world the impulses of the first steps of the sanctity of My Chaste Heart.

With this symbol, I want to demonstrate to you that the first step to start a new cycle, a new life, guided by the Will of the Most High God, is the transparency in the heart, in the mind and in the senses. Being that transparent, do not hide from your fellow humans what you truly are and never try to hide yourselves from God. It is by being true and transparent, before everyone and everything, that you will be able to begin this path.

Do not be afraid of proclaiming your own faith and spiritual journey; and do not live according to the tendencies of the world just to not look different to the eyes of people.

If you do not seek to hide yourselves from God and offer Him every day your own miseries, as well as your virtues, you will know then what must be transformed and what must be strengthened, under the spirit of humility and prayer.

May the simplicity of the heart open the paths so that you can be truthful, without fear. If you aspire to this, you will discover in yourselves a potential that has always been hidden by the layers of the fake faces that you would like to appear to the world in order to, thus, feel as a common part of this degenerated humanity.

Feel now as a part of the Project of God and open yourselves so that, little by little, you may be able to lose what you appear to be today, in order to discover what you truly are.

I bless you and impel you,

Your instructor and guide,

the Most Chaste Saint Joseph

In the end of the message, Saint Joseph transmitted the following prayer:

Prayer to begin the spiritual trajectory toward the discovery of the New Human Being, which, in truth, is the beginning of the manifestation of humanity, which has never before found a space to descend to the consciousnesses of this world. Those who pray from the heart will open new doors for their own transformation.

**Inspirational Prayer of Saint Joseph
to manifest the New Humanity**

Saint Joseph,
may Your humility reflect in our hearts
as a symbol of simplicity
and the recognition of the greatness of God.

May Your sacred face inspire our paths
and, through You,
may we discover the essence of the New Humanity:
expression of the perfection of God,
profound likeness with the Creator,
living manifestation of the fount of His Divine Mercy.

In Your Chaste Heart,
Saint Joseph, Servant of God,
may we learn to let ourselves be guided
by the Sovereign Will of the Creator.

Amen.
