DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

With joy I send My blessings to all My children of Argentina, who with great kindness, await My Maternal arrival to this nation on the 18th of this current month. This is a Marian date that celebrates the anniversary of My Merciful descent upon Aurora which took place in the morning of the 18th of August, 2011.

Dear children, with your hearts in celebration today I invite you to prepare your dwellings to receive the Merciful Heart of My Son. I know that many of you are tired from such a long walk. This is why today I place you under My Restoring Mantle so that your souls may always say "yes" to the Will of God.

I invite you to remember the importance of working in love, the love of Jesus, in this way you will know how to extend your arms to give and to be charitable with all, without boundaries or time.

Dear children, for this reason, and contemplating the ignorance in the world, I invite you to prayer for all humanity. Each day, as a Merciful Mother, I want to embrace the greatest number of children.

Being Mother I know well your tests and your learning. In this way today I invite you to persist in the infinite Love of God.

My children, it is in the source of this transforming Love that I daily invite you to stay, and also today I call you to prepare My arrival with joy and bliss for this coming 8th. Remember that we celebrate the Graces that God has allowed Me to pour on all My children and all the Graces of Love and Forgiveness that I will be able to radiate as Rays of Light to many more children.

You are in My arms, today I only ask that you do not leave them because I want to deliver you to Jesus, the Redeemer.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
