APPARITION OF THE VIRGIN MARY AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Friar Elías del Sagrado Corazón de Jesús:

Today, Our Lady tells us that She is very happy and satisfied with the response for having manifested this Portal of Peace.

Thank you, dear children, for honoring Me in the name of God.

Friar Elías del Sagrado Corazón de Jesús:

At the request of Our Mother, we will pray the Hail Mary in different languages, for all the souls that must draw closer to God. The Mother asked that today we especially include the Hungarian and Latin languages.

To pray the Hail Mary in Portuguese, Our Lady asked that sister Gloria should do so; she will begin with the Hail Mary prayer.

Meanwhile, Our Lady says She is waiting for us.

Prayer: Hail Mary (twice in Portuguese, twice in Spanish, twice in English, twice in Italian).

Now, we're going to do the prayer in French:

Prayer: Hail Mary (twice in French, twice in German, twice in Latin).

Our Lady has told us that we need to study the languages more, because we do not know the Hail Mary in Hungarian.

Your hearts, when you pray, Our Lady says, work upon the consciousness of the nations and peoples. I am teaching you to be mediators between Heaven and Earth, an inner and preferred communication with God, through prayer.

Dear children, I come here today to thank you and invite you to follow this path of prayer you are carrying out, for many more souls are in need of this salvation. Heaven is contemplating your prayers.

And today, I reveal to you, dear children, that in the name of the Glory of God, your hearts are here, in a sacred and immaculate place, where God sent Me to announce the Good News to you, the path of redemption and of conversion.

That path begins with prayer day after day, dear children, and for this reason, your persistence will be important at the end of this time. When I call you all to the Hail Mary prayer, I call on you to initiate that path of salvation, which begins with your union with Jesus, Who also sends you the

blessing of His Heart being repaired.

Many things happen daily in this world, My children. Your prayers must be healing ones for all souls; you must heal the wounds that exist in this world and which are generated in the hearts of all My children.

For this reason, day by day, I will not tire of calling My children to prayer; because as Lady of the Holy Rosary, I affirm that important tool of the end of times for your consciousness.

I want you to begin to learn, dear children, to pray as the patriarchs prayed and that you imitate the path of all those who have consecrated themselves to My Son.

How will that path begin, dear children? Through the opening of your heart.

In the surrender to God there is no mystery, for it is important that you live in humility and that you learn to live in that fraternity that I invite you to experience.

Today, I consecrate this Portal of Peace in the name of My Son, the same Portal that My Heart once opened in Fatima, for it must be a reference for the Light in this world, for the presence of My Maternal Heart in your lives.

It is still necessary, dear children, that your eyes contemplate references on this plane which will allow you to lift up your hearts to experience a perfect encounter with God. The hosts of Light of the Father walk and encircle this world, aiding in the salvation of hearts.

For this reason, dear children, each small prayer that is born from your hearts is highly considered in the Kingdom of the Heavens. And why am I telling you this so simply today? Because souls very easily forget this commitment they have with the Lord.

Also today, as Mother of Nazareth, I want to guide you as I guided Jesus. I am going step by step, walking through hearts, igniting the Light of your essences, so that Our Beloved Lord may find a dwelling place within you.

He has need of simple and austere refuges, where there is the fire of prayer; a prayer that must permeate the hearts of all My children. Because your inner Light must be kindled so that the Lord may address His Words to you, so that He may teach you how to walk and how to act in this life.

Thus, prayer is very important in this time; for in it, you will find simplicity and humility, a humility that is lacking in this humanity. And when humility is lacking, dear children, there is a lack of sincerity in the heart, and above all, a lack of reverence toward the Creator.

For this reason, today, dear children, you are being invited, from this Portal of Peace, to be more reverent before God.

For in this way, My children, your hearts will always be guided and you can count on My Maternal Mantle, so you may place yourselves under it and always feel guided, feeling the Light of My Heart and the Love of My Spirit.

I want to reveal, dear children, that My Maternal Heart, in the name of God and under His Will, will be coming to Cordoba and Porto Alegre, responding in this way to His requests.

For this reason, you are invited to follow in My footsteps. And on this very important day for the Lord, of glory for your hearts, I want to thank you for your response and for your collaboration so that My Voice and My Message may reach more hearts, to understand the mysteries the Lord places in your life. And you are also invited to love them from the heart, for in this way, the mind will be radiated by the Holy Spirit and will understand, from the heart, everything the Lord places in this time.

I have spoken to you, dear children, of the changes; humanity changes quickly in this time. Not only My Heart, but the Heart of My Son and of all the saints are in constant vigil, observing the movement of this humanity and the instabilities it experiences in this time.

Dear children, in the face of all these happenings at the request of God, My Maternal Heart is acting in a different way in this time, different than how It acted in other Apparitions, throughout these last cycles, following the need of all My children, carrying out miracles and deep healings so that hearts believe in the Presence of God.

But you, who from today onward experience the non-material mystery of My Spirit, I invite to be in My faith and united in prayer with Me, to ignite the Light of your souls.

You must radiate that Light to other souls. Many hearts are suffering; and do you know why that is, dear children? Because of the lack of love and the lack of help for wounded hearts.

Humanity is in the transition of its great test and the Lord sends Me, as the Queen of Peace, to cultivate the Commandments of the Lord and the true principles of future life in hearts, principles that will be born of the heart, principles that you can understand as attributes, attributes that My Immaculate Heart has already experienced when It was in this world and which I am inviting you to experience in this time so you may always be in the Lord.

Dear children, in truth, today I tell you that, after so much time of the incursion of My Spirit on this Earth, My Heart has not tired.

But today I also reveal to you, dear children, that throughout this entire year shared with you, My children, you have caused My Heart to triumph in large part because My Heart reached your hearts and you remained united with My Motherhood.

When I invite you to walk as the young Jesus walked, I invite you to live in trust, to love the Absolute, and to find true guidance for this time in the All, in the Universe.

For this reason, do not give up, dear children, but rather lift up your hands through prayer, for My Heart will contemplate your gestures of love and My Light will always be in you, as long as you call for it and cry out for it.

Let us repeat the Hail Mary prayers, because through My Maternal Presence here, on this day, many hearts of the world are being assisted.

Thus, I invite you to come to know, dear children, the Mystery of the Omniscience of God. And this begins, dear children, by practicing it through prayer, when you unite your hearts with the heart of each brother and sister.

In this way, in a very simple and real way, dear children, you will be united with God, creating the network of light and unity among all the hearts of the world.

When I ask you to pray for all the hearts of this world, for the salvation of all souls, My Heart invites you to unite with the heart of each brother and sister, even though they are unknown to you, for when you are united with Me in prayer, you will be able to discover, dear children, that Love is in all My children.

And that is what you must aspire to, that the Love of the Father in this very definitive time should be in this humanity.

Prayer: Hail Mary (twice in Portuguese).

Friar Elías del Sagrado Corazón de Jesús:

Our Lady is saying that the Mercy of God is so important in this time, that we must truly believe in it.

Prayer: Hail Mary (twice in Spanish, twice in English, twice in Italian, twice in French, twice in German, twice in Latin).

Mother María Shimani de Montserrat:

Our Lady is asking that the missionaries who are going to Ethiopia to please come here. She will bless them, and in this group sister Gloria and sister Ademina will be included.

We will sing Immaculate Heart of Mary.

Let us lift up the candles and light them.

Dear children, thank you for responding to My call!

In the name of the Father, the Son and the Holy Spirit. Amen.

Mother María Shimani de Montserrat:

Tonight has been a very important night. We have received many instructions from Our Mother; so it will be important that when the Apparition is published on the site, we should study and understand all the instructions which Our Lady gave us today. For that will mark the difference between being truly in Her Heart, carrying out the task we have to accomplish, or not doing so.

She is instructing us about how to work together with Her not only in the rescue of souls, but She is teaching us how to be mediators between Heaven and Earth, and perhaps someday we will be able

to understand what this means.

For now, we only need to offer to follow the instruction of Our Lady. And now we are going to listen to what Friar Elías has to tell us.

Friar Elías del Sagrado Corazón de Jesús:

As She told us today, this is truly a Portal of Peace and a Portal to Heaven. During the task of prayer we gradually became participants in a planetary movement that slowly extended when She asked us to pray the Hail Mary at two moments.

Today the Apparition of Our Lady was specially prepared. The angels slowly prepared the way of descent by which She was going to come and this Portal acted as a great window into Heaven. At each side of the Portal, they placed a way to infinity that was full of flowers. There were a lot of flowers that were gradually placed as we prayed. The angels were flying over them passing rapidly from one side to the other. It was very interesting because it seemed like they were hurrying to prepare all of the task.

And as we prayed and before the Apparition, different portals above this physical Portal were manifesting, portals that changed colors, going from white, to rose, light blue, changing very slowly with great harmony.

But what we saw was that this Portal was larger than the one we have here. And that is when Our Lady projected Herself and appeared within this Portal. She told us She was consecrating the Portal at that moment with Her Consciousness and was reactivating the Portal She activated in Fatima. It was two principles She was giving us: faith and peace.

And through the Presence of Our Lady, the Light began to emerge not only from Heaven, but from the interior of the Earth; and those two lights which were white, radiated from within the Earth and from Heaven, fused perfectly in harmony. It was like an exercise, a movement that Our Lady was doing.

And that energy and all that light were slowly radiated not only here, but also to other points of the planet. They were touching the points of the planet to which the language we were praying in referred. It reached France, Italy, Brazil and the countries that speak Spanish.

During the process of the Apparition Our Lady also carried out some important movements that gradually took place as She spoke Her Words.

Today, Her manifestation, Her Presence, was stronger than yesterday. We understood that this was happening because She was very close, approximately a meter away from us.

Besides appearing as the Queen of Peace, She firmly gripped the rosary in Her Hands, and when sister Nadjana repeated the prayer She had taught us, during these days, She was silently passing the beads.

When we prayed the Hail Mary, She was not praying for Herself, but rather remained in silence and welcomed that prayer. In some instances, Her Face was illuminated, Her clothing was very resplendent. What was truly astonishing was the clarity of Her Eyes, the deep Gaze, Eyes of sea

blue; and when She focused Her Gaze on us, this generated something within each of us.

And beyond Her Gaze, what She transmitted was God through Her Eyes; it was as if God was speaking through Her. That was what could be felt through that maternal Presence, that acceptance of each one of us.

Today, during the Apparition, She was smiling, joyful, and made some very motherly gestures when She addressed Her Words to us; for example, She not only passed the beads in Her Hands, but sometimes addressed Her Words to us with movements of Her Hands.

And today, during the whole Apparition, in a special way, She was accompanied by the angels.

And during the whole Apparition, this Portal into infinity with the flowers remained open. The angels were silently there, protecting Her, accompanying Her; although some were also doing another task with some of the brothers and sisters who were here, easily moving from one place to another.

One of the requests made today by Our Lady and that we are going to share, is about this Marian Centre, which She calls the Marian Centre of Figueira. She told us that this Marian Centre of Figueira was like Medjugorje; and that, as from tomorrow, a task of prayer She passed on to us must begin.

One prayer She asked of us is the Rosary, and that the 50 beads of the Rosary should be prayed every three hours. She gave us some timetables which would begin tomorrow and continue every day, until She tells us if this prayer should continue for a longer time.

She told us that we have to pray in this place, positioning ourselves facing the Portal in groups of prayer, at nine a.m., at midday, at three p.m., and at 6 p.m., because these were the times She set up.

When She spoke to us about the mission to Ethiopia, we asked Her if She had any particular guidance for the brothers and sisters traveling. She said to us, smiling: "That they will be In My Immaculate Heart. I ask that they pray every day, that they unite with Me, that they serve joyfully, that they carry peace and commune every day, for thus they will be shielded."

So She then indicated something else to us. We knew that in this mission our sister Gloria was also going, and we asked Her: "Where will she be?" She told us: "When possible, she should stay with the Missionaries of Charity." We asked Her: "Will she be alone?" She answered: "No, she will be accompanied."

She told us: "I want My daughter Ademina to also go on the mission, to carry that peace." And at the end of the Apparition, when She was rising up to Heaven and was radiating Light, She said to us: "Today the hells have closed because the Light descended to the Earth."

And I remembered another detail: when the missionary brothers and sisters came up here, we went through an experience with Our Lady that was important, that was unusual. At that moment we knew that Our Lady was rising up. She gave the motherly blessing through a luminous cross over each of the brothers and sisters.

But at the moment when the brothers and sisters were kneeling and everybody was singing, She suddenly appeared here, on the ground and walking in greatness. She had the light blue Mantle and a white Robe. At that moment, Her Face was more rosy and clear. She decisively carried something in Her Hands, which She was going to give to each of the missionaries.

We saw that She placed a scapular on each of them. On the image of the scapular, on one side was Christ, and on the other side there was a manifestation of our Mother that was very similar to the Queen of Peace.

She placed the scapular on each one, and She laid Her Hand on each one of them. This happened very rapidly.

She suddenly disappeared, and we understood that She had finished there. But the brothers and sisters were still kneeling, and a Light began to emerge around them, and behind them, the guardian angels appeared.

Mother María Shimani de Montserrat:

All we have left to do is thank God for allowing us to experience this Grace, for lending Our Lady to us during this whole time, and also it remains for us to truly collaborate wholeheartedly with this task She is carrying out.

Thank You, Mother, for all that You give us!

The Mother wants us to sing the song: "The Woman Who guides us."

.
