SIXTEENTH SPECIAL APPARITION OF THE VIRGIN MARY IN THE F2 AUDITORIUM, MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, AT 12:00 PM, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Mother María Shimani de Montserrat:

Let us start our work of prayer and let us pray consciously to collaborate in an event that happened yesterday. There was a significant earthquake in the Himalayas yesterday that affected Nepal, India and Tibet.

Let us hold these places in our hearts to support the brothers and sisters who are suffering and waiting for new seismic movements, new earthquakes.

Let us pray with fervor and make an offering for the planetary balance, let us recall the image of the scale to be able to balance these tectonic forces that are being manifested and remember that we must truly pray.

Let us work with the Universal Mother and offer to the Creator to be able to transmute and balance this situation or any other that is needed.

"Universal Mother" started to be prayed.

After a while, "Hail Mary" was sung while the prayer of the Universal Mother continued.

Mother María Shimani de Montserrat:

The Mother asked us to tell you that each day she will spend less and less time with us because she has received other requests due to many events that are happening in the world. Let no one feel upset that She is not speaking to us as She did on the first few days, because She is doing what She is allowed to do; let us remain in peace, everything is fine.

The reason for Her crying yesterday was due to what is happening in these places in the East. She asked for a group of volunteers to be summoned, which must include doctors, nurses, monks and volunteers to go to Nepal to serve. She hopes we can answer this call and that the trip that this group had planned to Tibet and India will be exclusively to serve. It is a different group from the one going to Africa.

In this way, She summons all of you and some who are not here to form a group of volunteers to go to Nepal to serve in these events, because She explained that she is going to try to pour out Her Divinity for the last time upon that place.

In this way, this ceased to be something symbolic and began to be concretized as something real for everyone.

Therefore, all those who are available can talk to me and we will try to organize the task, and we all need to be informed.

She also explained to us that it was time to give our lives, not just what is left over, what we already know.

All those who feel like taking this step should know what it means to offer themselves entirely, and it can also involve providing the necessary resources to make it happen. Because we will undoubtedly not be able to cover all these expenses, but it is necessary to go. So, at this moment, we are all called to give everything we can, and it may not be just a mental intention or simply a prayer gathering.

She said that it would only be for a short period, collaborating with the sisters from the Congregation of the Missionaries of Charity in all these places, assisting with everything that needs to be done. In this way, everyone is summoned and each one will know how to respond.

She requested that today's meeting be held at 7 pm. We are going to organize ourselves to pray and receive Her at that time. An hour earlier we will start praying 150 beads of the Luminous Bird in the areas to help balance this situation.

So, brothers and sisters, the task has already started, it is no longer just something between the lines, nor simply a comfortable situation in the F2 auditorium.

May all of us meditate this afternoon, each one will write down on a small piece of paper what you are available for, bearing in mind that your contribution is not only personal, but includes everything you can offer so that together we may carry out this task.

Those who feel they can contribute but can not go, should also write it down, on a little piece of paper.

Let us summon those in the group who are not here and may want to participate.

She asked us to leave in silence, that today we remain very quiet so that we may truly understand what is happening.

We will carry out a service in Portugal, then we will go to Tibet and India, and also Mongolia. Our incursion in Tibet and India will be specifically for service, not to channel messages or have meetings with the Higher Brothers. She said that everything else will come as an addition when the Hierarchy considers it.

Without a doubt, as a working group, as members of this Rescue Plan to which we claim to belong, as members of the Light Network we have organized and talked about so much, we are now starting our truly practical task, beyond our surroundings.

So, let us all meditate, hold this in our hearts and hope to gather as many little pieces of paper as there were questions in the bag of the Divine Mother, and they were many.

Friar Elías del Sagrado Corazón de Jesús:

With this call, Mary said that the time has come for the four Light Networks to start acting and prepare themselves to be summoned in those places where help is needed, in places where there is some emergency.

The four Light Networks would participate, according to the Mother, in some places where the collaboration of the group is needed at a planetary level.

Mother María Shimani de Montserrat:

Did we not say: "For the planetary redemption, Mary, we are with You? For the souls who suffer, Mary, we are with you?"

Be careful with what you say, because it is heard in Heaven.

Well, brothers and sisters, let us continue our day. Let us be as quiet as possible. It is an offering that each one should make individually, it is a matter between our consciousness, God and our Mother.
