DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

I will not tire of coming into your lives because as the Mother of Mercy, the merit for all the souls of the world is salvation.

Dear children, with your hearts open you will reach eternity, therefore today I invite you to consider the life of prayer as primordial. In this way your lives will be within the Kingdom of the Creator. My children, as the Lady of Peace today I ask you to pray, to pray with your hearts because the whole Uni- verse of God is attentive to the supplications of all My children.

My dear ones, sustain prayer with steady hands so that it, as Light in the world, may be able to aid those who need it the most. Open the Doors of the Heavens through prayer because everything is allowed when it is born in a pure way from the heart.

Today remain in Me and do not fear for anything; now is the moment to revere the One who has created you out of love and devotion. He is your Only and Omnipotent God.

Dear children, the time of Mercy is passing fast in the life of all souls. Do not delay in calling for the Divine Presence that is born in the surrendered and loving Heart of My Son. All are invited to live in this unfathomable Presence of Jesus. The Priest of Love, with His open arms towards the world, awaits you and tells you that now is the moment to prepare the Inner Temple for His return. The sacred words pronounced in the past by the Redeemer will become true in these current times.

My children, wait day by day for the silent coming of My Son. He is your Guiding Star; He is the Fount that will quench any thirst that your hearts have in these moments.

Drink from the Fount and wash your faces with the Divine Water that has sprung from My Son, because it will be in this offering from Jesus that you will find the Law of Love.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
