# MARY

*Mother of Divine Conception of the Trinity*

*Mother of the Divine Conception of the Trinity*

*“My call for PEACE is for all of humanity.”*

[www.DivinaMadre.org/en](http://www.DivinaMadre.org/en)

In times of great global need, the Virgin Mary manifests Herself through visionaries to communicate Her messages of peace. Mary, the Mother of the Divine Conception of the Trinity, is one of the new Faces of this Great Consciousness.

*“Once I was in Fatima, I am passing through Medjugorje, and now I am here in this part of the world, spreading My message of peace, the call for the redemption of souls through prayer, through a simple prayer. Open your consciousnesses to the unknown and allow the heart to speak to you, so that My voice will reach you there, in prayer and in peace.”*

*(September 2<sup>nd</sup>, 2011, Marian Center of Aurora, Uruguay)*

Since 2007 Our Lady has been transmitting instructions through monks of the Grace Mercy Order. In the beginning, the Apparitions were private. In 2011 She asked them to become public in order to perform a planetary task of rescue, redemption and conversion of humanity.

## GRACE MERCY ORDER

*Living the Christic love, in an absolute offer of one's life.*

The Grace Mercy Order is a religious institution of an independent, philosophical and Ecumenical character, which proposes a monastic living by means of the consecrated life.

It has as a priority the union with the Christic Consciousness. It is concerned, above all, with a fraternal communitarian way of life, consecrated to peace, to prayer, to good and to selfless service.

Founded in 2009, the Order tries to offer itself unconditionally as an instrument of the Divine Work, in communion with all human beings and other Kingdoms of Nature.

## THE VISIONARIES

*and the Consecrated Life*

When a soul aspires to live a greater love – that which can only be found in God – there is presented to it the possibility of consecrating to the monastic life.

A monk lives a permanent surrender to the service of God, in eternal gratitude for the task that has been offered to him or her. Consecrating oneself is the aspiration of the soul that awakens.

The Virgin Mary has indicated the step of consecration to the visionaries chosen to convey Her messages. Mother María Shimani de Montserrat, Friar Elías del Sagrado Corazón and Sister Lucía de Jesús – consecrated monastics of Grace Mercy Order – have committed themselves to Our Lady unconditionally, to collaborate with the manifestation of the task that She needs to perform together with humanity.

## MARIAN CENTERS

*in South America*

Mary, the Divine Mother, asked that four Marian Centers were founded in South America.

The Marian Centers are places of prayer and permanent vigil, where monks, collaborators and pilgrims gather to contemplate, pray and renew their devotion to Her Immaculate Heart so that Peace may reign in humanity and on the planet.
