DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED AT THE MARIAN CENTER OF FIGUIERA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Believe, above any situation or circumstance that everything is in the Hands of God. No matter how difficult certain experiences may be, God holds all power, because He is one and He is great. Everything that is below the Father is small.

Believe, above all else, that the Father is Who holds the helm of the ship and is Who guides it towards good harbors. The Father is in each detail, but He, in His infinite Wisdom, allows His smallest creatures, the human beings of this planet, to learn through different experiences.

Have faith and affirm it, because the Father is above all, He is the Commander of the Universe and the Regent of all spaces and of all areas of spiritual work. Yet, with His infinite Goodness, He allows His children of the Earth to learn so that they may eventually be as similar as the Father is in love; for this, souls make mistakes again and again, until they learn, at their own expense, that without love and without truth one is nothing in this Universe.

The Father gives an impulse in this time for the fulfillment of His Work of Love through the experience of humility.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
