DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

What is most serious is not to deviate from the Law during the consecrated life, but rather, to be unable to return to it to be safeguarded by Divine Protection.

The Law not only protects, but also helps to correct the lessons of life and what is learned.

When the Law is not loved and respected, difficult tests and tribulations ensue; and the soul, no matter how hard it tries, is not able to return to it, because it has surrendered its spirit and heart to the world.

Above all, and from within yourselves, I invite you to live and love the Law so that in these times, when difficult things will be seen, nothing will surprise you.

The only way to return to the Law is to ask for help and to recognize it as such; for this will protect you from yourselves and you will have the help of the Spiritual Hierarchy.

The Law exists to accompany the evolution of souls, not to condemn them.

The Law imparts Mercy in all aspects of life; but when we repeatedly decide to abandon the Law, we condemn our existence, leading our consciousness to the superfluous currents of the world.

In the Law is the salvation of the present humanity.

I thank you for living the Law with all your heart!

Who blesses you,

Your Master, Christ Jesus
