Apparition of Christ Jesus during the 54th Marathon of Divine Mercy, in the Marian Center of Aurora, Paysandú, Uruguay, to the visionary Friar Elías del Sagrado Corazón

Today your hearts will be forgiven and your lives will be renewed, because the Almighty is coming after His Son, to liberate the world from darkness and perdition.

He comes to assemble the spirits that have loved Him and have honored Him, who have given praises to His Name and to all of His Creation.

Today I am before your deepest miseries, but I come to seek your greatest love, that love that today you have unconditionally given Me and gifted Me, so that I might be here, among My own, to give you communion of My Body and of My Blood, of My Spirit and of My Divinity.

Today, the Father comes with His Kingdom, His angels and archangels, with His celestial choirs, to bless the first Blue Cross. And the Breath of the Spirit will come to souls and will ignite hearts with an unknown joy they have never lived before.

Just as the Gifts of God descended in the Cenacle over the apostles and Mary, today the seven [Gifts of the Holy Spirit](#) assemble here to descend into your hearts and essences.

So, companions, it is a great moment of renewal and of joy, in which the past must be erased from your consciousnesses and minds, because yes, now I will be able to walk with those who are firm, with those who have learned to step out of tepidness and of lack of love.

Now I will be able to walk with those who are to be just, with those who learn to carry My Work forward, with those who have said yes to My Sacred Heart. In them I will not lay the cross of bitterness and of suffering, but rather the Cross of Emmanuel, which is the Cross of victory and of the upliftment of the human consciousness to the Kingdom of God.

Thus, your spirits will be uplifted and must believe, My companions, that your griefs will dissolve completely, as long as you give permission for this.

For this reason, with this tenderness that now flows out from My Heart, today I do not come to see the sinners but those who redeem themselves and those who tread the path of inner transformation every day.

Do not believe, companions, that you will gain Heaven while you are on Earth.

You have come here, as humanity, to learn to love and to forgive, to learn to live compassion and justice in each detail.

When this is achieved, all of humanity will be free from adversity and from sin, and the doors of the hells will close as many times as God has closed them through His Son and His Faithful Servant, as well as Saint Joseph.

Drink of this moment as a unique moment that will never be repeated again. To unite Heaven and Earth, the Universe and humanity is something grand that does not happen every day.

The Father does not descend to the world since I ascended to the Heavens. Imagine, companions, how much time has passed for this moment to come in which the merits of My Passion and of My Cross may be engraved in the radiance of the Blue Cross.

For this reason, today I have halted darkness and My adversary. Here present before your eyes is the manifestation of the Will of God and of His divine Purpose. And you, at this moment, companions, are being led to enter the spirit of [Emmanuel](#), in which are to be found peace, harmony, healing, and the forgiveness of all of your mistakes.

To this is added the Light of [Aurora](#) and its divine Ray of Liberation, which today works silently without moving so many laws nor energies, except within consciousnesses and the hearts that open in order to find it.

See therefore, companions, how at this moment, the time of illusion is halted in a part of this planet and the [Real Time](#) of God enters, to make you feel in Its silence a unity with all of the Cosmos and with all of Universal Life.

For this, the Shining Ones, the [Elohim](#), are the ones that open the doors between the planes, so that the Father may descend here with His Spirit.

The wind comes to clean the bad thoughts of the ungrateful, so that they do not affect you, but rather that the Breath of the Spirit of God may prevail over your consciousnesses in this moment.

In introspection and prayer, let us move to meet the Father and the blessing of the Blue Cross.

Follow Me.

Hear, Lord, the voice of Your people. Hear the voice of all this race, which today prostrates itself at Your Feet to praise You and glorify You.

Hear, Emmanuel, the voice of Your children and come to this world with all of Your Power and Splendor, so that the most impenetrable darkness may be dispelled, so that hearts may be liberated from the chains of perdition and of illusion and the [Christs of the New Time](#) may be established; those who will come from different parts of the world and will place themselves at the foot of Your Cross to await the coming of Your Son.

Let us listen to the Voice of the Father, who today is not only in the Heavens, but also here over Aurora, as the Wise Creator of all that exists, as the Father of Mercy and of Goodness, Who in His divine aspect of Emmanuel comes to His children to bless them with His redeeming and cosmic Light.

While the Heavens open before You, Beloved Lord, descend with Your Rays the power of Creation and of all divine manifestation, so that Your divine Thought may be fulfilled on this planet and

souls may finally find the path of love and of reconciliation.

The Voice of the Eternal Father:

Beloved children, listen to Your Father.

I Am the beginning and I Am the end.

I Am that I Am and I come from the spiritual Universe to assemble you in My Love and in My Justice.

The seven Regent Angels who were convened, may they now descend and let the Cross be lit.

Today, the Father of Love blesses this symbol, which will unite the peoples and the nations; which will bring hope to the unredeemed and which will bring redemption to all evil, so that the Love of the Source may triumph; so that Truth and Justice may reign.

Beloved children, I love you and I wait for you with My Arms open so that My Beloved Son may bring you toward Me and you may be seated at the foot of My Throne together with the angels, so that we may sing Glory and Hallelujah.

While your [guardian angels](#) prostrate themselves on the ground, the deepest griefs are forgiven and by means of this Blue Cross, one more Purpose of God is fulfilled on the surface of this planet.

The Voice of Christ:

My children and companions, in order for the Light of Emmanuel to become visible among consciousnesses, let us intone His sacred Name, so that the angels may pour out the codes and the merits attained during My Passion and thus the doors to opportunities and to Graces may open for all souls that seek unity with the Father and Creation.

Today, together with you, I will sing the holy Name of Emmanuel.

[All intone Emmanuel.](#)

Feel your hearts freed from the past, from the restraints and from the perversions of life.

Feel your hearts full of the Light of Emmanuel and commune of the Father, Who is here today with His divine Consciousness to bring Peace to this world and also the Fount of His Compassion.

And now, let us call out the Names of God, so that the Regent Angels, who were appointed by the Universe, may fill this Cross with the codes of the Divinity of His Beloved Son.

All intone the holy Names of God: Adonai, Emmanuel, Abba, Eli Eli, Yahve, Shekinah, Elohim, El Shaddai, Yod He Vaud He.

May this renewal bring to consciousness the expansion of their paths, in consecration and in faith, the entry through the doors of Mercy to the Kingdom of Emmanuel so that they may always learn to live and to fulfill His Will no matter how small it may be.

I have asked this night that a prayer be recited, which synthesizes the expression of all of the Work of the Father in this Universe and on this planet. A prayer that you will hear through uniting your hearts to God in this moment.

I bless you, under the Powerful Light of Emmanuel opening in this Sacred Center the descent of His divine Spirit so that souls may find Him within themselves.

In the name of the Father, the Son, and the Holy Spirit. Amen.
