DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF BUDAPEST, HUNGARY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

When peace begins to reach the hearts of humankind and, through small renunciations, they are able to find meekness and stillness, it is there, children, where God makes Himself present.

God makes Himself present in hearts that know how to be grateful, even in the details of life; they know how to be grateful for being on His path of Love under the mantle of His Divine Mercy.

When you calm your hearts in the spirit of gratitude, your Creator makes Himself present.

Gratitude is more than a feeling of respect and thanksgiving; in spiritual science, gratitude is a Divine Gift through which the consciousness recognizes its smallness and the greatness of God; it recognizes that, in spite of the vastness of Creation, the Father has His Eyes placed on all His children; and it is this certainty, born in the deep spirit of gratitude, that opens the doors for the Creator to be present.

Gratitude heals your cells, atoms and consciousness. Gratitude heals your spirits from selfishness and human indifference. Gratitude grants humanity a new opportunity to find peace, as it becomes worthy to be in God and in His Truth.

Gratitude opens the doors to the deepest sciences, to the most hidden mysteries, because only the one who knows how to be grateful for what they receive from their Creator will know how to value His Divine Treasure, and then, everything can be given to them.

Gratitude is the key to abundance, the key to free oneself from constant human desires.

Gratitude is the door to communion with the All, it is one of the celestial streams that will make you return to the Heart of God.

Therefore, children, always be grateful, for everything.

Your Father and Friend,

The Most Chaste Saint Joseph
