**DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN REDWOOD, CALIFORNIA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

**Series: The Sequoia Trees - Part I**

Trees are the life of the planet and they regenerate every living being, simply with their plant presence.

The Sequoia trees are the greatest manifestation of the Power and the Will of God. They attract the materialization of Divine Will to the Earth. They express Will in their growth, expansion and beauty, this is the reason why they are so large and tall, so that the human consciousness may remember this is the way that God must be reached, so it may live His Will rather than its own, and so that the spirit may not lose its ardent aspiration to rise and transform, according to the need of the Plan, so that everything in this Universe may be recreated again.

The great trees are the guardians of the cosmic portals that enter the Earth through the inner planes in order to have it become ever more elevated and closer to higher reality.

The Sequoia tree represents the Sacred Spirit of the immortality of the soul and of the evolution of consciousness, under the principle of the righteousness of the good and of service.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
