Daily Message received in the city of São Paulo, Brazil, transmitted by Mary, Rose of Peace, to the visionary Friar Elías del Sagrado Corazón de Jesús

From the Universe to Earth is mirrored the opportunity of help for all of humanity.

But the request for help and for divine intervention must be heard in the very heights of the Universe so that global inequality may be dissipated and the common good among creatures may be established.

Divine intervention will always be within reach of all those who open their hearts to God and faithfully follow Him, in this way, fulfilling His Commandments.

This is the time for asking the Highest for immense Mercy so that all those that have not received it may be deserving of the divine power of Grace, that life may be transmuted and purified in the time foreseen.

The request of sincere hearts will help and will save the hearts of those whose inner worlds are closed, and they will be able to be reborn in the trust and in the faith that they have never been alone.

Mercy can still perform miracles in human life.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
