DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SÃO PAULO, BRASIL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Rest, My child, in the Heart of the Father and, surrendering, accept all the tests of faith that He sends to you.

With humility accept each stage of life and never complain.

Retreat into the silence of the heart and pray, pray until you can dissolve any feeling and thought contrary to the light.

Do not rush into the void and do not worry; time and events will always show the signs that you need to take a chance, each day, to love more and more.

In this way, you will build within yourself a strength based on the principles of faith and of loyalty.

As Mother, I deeply know the human condition and this planet is the first school for being able to transcend it.

But if in truth you feel that you are loving what you experience and are happy to be serving God, do not feel intimidated; do not open the door to My adversary.

Be sustained by the confidence of knowing that God loves you as you are and that, in spite of the circumstances, you must always do what is best.

Decide to follow My example, simple, even though it seems distant.

I am Mother and love each being.

I wish the best for your life and the triumph of My Son in each Christic essence.

Forward!

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
