DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

As a Bird of Light, I penetrate the deepest spaces of the human consciousness in order to transform it. In that place, I pour out Grace that emanates from the Rays of My Wings so that My children can re-encounter the Celestial Father.

There, everything is removed so that souls may be free from captivity and from the prisons of life.

The Bird of Light enters into the depths of consciousness to show the human being the time and the moment of their purification. Throughout this path, the Bird of Light dissipates and dissolves the abysses of the consciousness so that the beings from the surface can again find the spiritual path that leads them into peace.

It could be painful to banish and break old structures; that is why the Bird of Light enters into the spaces of the deep consciousness so as to not leave any hidden corner inside of the being, but rather that everything be revealed so it may go through the transformation.

While you pray, the Bird of Light can reach the greatest and most unknown depths; while you pray and have faith, the task of your Heavenly Mother can be expanded.

In that way, the day will arrive in which there will no longer exist all the atavisms in My children and the sacred divine energy of Love will reign, which will nourish the spirit with an eternal gladness, in a splendid life united with the Creator.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
