DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Dear apostles,

The trajectory to get to Paradise will still be a little more extensive, but My Heart is rejoicing when the disciples unite themselves to Me through the chant of love. In this way My Paternal Spirit radiates the Christic codes upon the consciousnesses that in faith and in love persevere in complying with My Call.

It is the hour of the Mercy, for this, day by day permit that by means of the merciful prayer will be accomplished My Great Project of redemption in your essences.

My servers:

I want to be the Water of your water, Heart of your heart, Spirit of your spirit, Divine Breath in your inner, Truth before all things. Open to Me the door of your beings so that as a Good Worker I may reform and construct My Life in your lives, My Heart in your hearts.

Time indicates a single direction, straight to the essence of My Merciful Heart. For this the permanent life of prayer will never make you tired, but still, it will give you strength so that when I return I may collect the precious fruits that you have cultivated in the center of your being.

Under the Love of the Father, be blessed.

Thank you for be living in My Heart!

Christ Jesus.
