### **Daily Message received of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón**

I would like to tell you, My children, that the situations of the world are precipitating and have no limits, for humanity itself generates the conditions for this to happen.

However there is a part of souls that spiritually struggle to repair the serious outrages that the majority perpetrate, and even though all of this is not enough, the Divinity helps the consequent so that at least a part of humanity may become rescuable and redeemable.

The weight of the spiritual debt of humanity is very great and souls at this moment are suffering the consequences of what the majority does. This awakens the anger of God, which is not a punishment, but rather a supreme fiery tension that tries to stop the descent of the Law, of which the majority of humankind is ignorant.

The events of these end times frame the coming moral and spiritual change of humanity, and what most increases the anger of God is unconsciousness and the way in which planetary life is carried out.

In all this reality, The Kingdoms of Nature also suffer the consequences of humanity. They, being part of the same end, will have an action within the cycle of the great purification.

Mother Nature, who is wise and pure, will show her power to humanity. All this would not be necessary if from the beginning human dignity and the created Kingdoms had been respected.

The consciousness of humanity, My children, is more delayed than the first settlers of the Earth. This causes the Heart of God to shudder on seeing that discernment and wisdom disappear from the consciousness of those who say they are ordering the nations.

For this reason, the Love of God will be able to move through the barriers of that precariousness that today's human being created through their actions.

The new paradise, the New Earth, will be free of all these influences, because the project was that this race should be fraternal and equitable in all states of being; which was changed. That is the concern of the universe in face of the reality of this humanity.

Values do not exist, and if they do, they are all manipulated, which causes the true purpose of the life of the soul and the spirit to be lost, and many souls fall prey of the adversary, which is the main governor of some regions.

Let us pray without ceasing and without thinking, something will have to change, the time indicates this.

I thank you for responding to My call!

Your Mother Mary, Rose of Peace and Spokesperson of the Universe
