MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

The Divine Power of Unity

Not even the most seemingly powerful beast will be able to attack My children to the point of destroying in them what I have built with My holy hands. A fortress erected by God is eternal and there is no wind or darkness that can break it down. The basis of this fortress is the living of what I have taught you. Each one of My words consolidates in you the principle of unity with one another and with God.

Children, when lived in fullness, unity is the greatest shield of these and of all times. Even if the ground shakes under your feet, and the forces of your body seem to weaken, if there is unity, there will be no fear and there will be no defeat.

If you are united in heart, you will keep your eyes open and not allow yourselves to be deceived when the adversary blinds the eyes of many with fear and illusion. Those who live in unity will know the truth and will know that false is the power of those who rise with darkness; they will fall and disappear like dust, at the arising of the Christic Light.

If you live unity, you will sustain not only your own spirit, but you will be columns of a great temple which, in the moment of the tempest, will shelter within those who were lost but who still held the hope of someday finding themselves.

The fortress of unity will keep you in neutrality and balance when the coming events cause imbalance in the disbelievers and the humanity of little faith because they did not believe that after the night the sun will shine and that the support of God will always be upon those who recognize themselves as His children.

Unity will make you understand that which happens to you as harassment, that which are the tests and the apprenticeships needed for your evolution. In the spirit of unity among all, you will be able to overcome all these instances in a correct way and with maturity.

Because of this, children, the great learning of unity must be experienced in this time. This is the moment of overcoming the resistances within yourselves, which prevent you from living in fraternity, love and unity with your neighbor.

Learn that those whom you so judge or whom you cannot love nor accept in their paths may be the pillar that will be lacking in your inner temple in order to sustain you firm in the times that will come.

These are no longer times of solitude or individuality; in the past, this was a learning of interiorization of humanity, which prepared you today to live unity, with all who surround you.

Those who are summoned to My army of Light and Peace must be always united. Do not let My adversary bring you down through the corrosive poison of criticism, judgment and separateness, the pillars of the fortress that I am building by means of your constant permission.

Children, when you let the enemy speak through your mouths and separate you from your brothers, sisters and companions of the path, it is not only My Work that you are destroying but, above all, your own possibility of evolving and of keeping firm in the moments of the greatest tribulation.

Because of this, when you feel that your mouths move through the cunning of the adversary, keep silence and ask for My help; cut the chain of evil and invoke the Divine Power of Unity.

Where there is true unity there will be no darkness, and all the battles will be marked by the triumph of Light. Where there is unity, there will be Truth and there will be the Consciousness of God expressing through His children.

I tell you all this so that you may recognize that the triumph of the Eternal Father does not depend on anyone's own strength, but on the Divine Power of Unity which, together, My soldiers can attract and manifest.

Children, day by day, struggle to make My Heart triumph and for the fortress of unity to grow and support within itself many souls that are seeking refuge in this world of such little fraternity and love.

Where there is unity, a light will be ignited, indicating the path for those who must still awaken in these times.

The seed of unity is already sprouting and growing in many of My children, and it must expand throughout all who listen to Me; because of this, today I make you listen to these words.

I bless you and lead you to the Divine Power of Unity.

Your Mother Mary, Rose of Peace
