DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

On the special day of the celestial celebration of the Immaculate Conception, may your souls receive the balsam of the Fount of the pure water of Divine Grace so that your consciences can be healed of the spiritual and internal ailments, which affect the whole world.

As it was more than one hundred and sixty-one years ago, the Immaculate Conception comes to the world today to tell it to not forget penance and the urgent remission of faults so that more and more hearts may reach the Mercy of God.

Today, the spiritual Fount of Divine Grace reaches My Children who are in Lourdes and all those who wholeheartedly unite with My Immaculate Consciousness so that the state of Grace may purify and cleanse their souls, and so that they may be reborn in the material and spiritual life that the Creator Father granted them so as to be happy on Earth.

Your Mother, Lady of Lourdes, today prays for Her most spiritually sick children so they may learn from the truly sick of the world, who suffer every day, and yet do not lose hope of receiving the blessed healing of God.

For this reason, children, just as the water that sprang forth in Massabielle, may your souls be washed so that, cleansed by the action of the Holy Spirit, you may once again find Peace, and the incalculable Love of the Celestial Father.

I bless you all.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
