**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Come towards Me, I protect you. Come towards Me, I will love you. Come towards My Kingdom in trust. Live in My Peace.

There is nothing more precious in souls than the reflection of a sweet heart. I gather hearts so that they may celebrate with Me in prayer. More beautiful than the Heavens is the smile of Our Most High Lord. Come all souls towards My Immaculate Heart, because I will make you drink from the Source of My Peace.

May the pilgrims walk through My pathway of roses. That united with My Heart we may pray for peace. It is very simple that which God asks of you: only to be in prayer and to be a living prayer.

So that more hearts may be saved, the Lord needs the giving of His instruments: instruments of Peace, instruments of Love, instruments of Redemption, instruments of Conversion, for all hearts.

Know, My little ones, that My Immaculate Heart guides you and that My Heart of Servant is guided by the wonders and the Mercies of the Lord. My Heart is an instrument of love and peace, which I invite you to contemplate. I want your hearts to reign in My Heart so that the loneliness in souls may be over, so that the new soul restored by My Love may recognize My prayer and may unite to it.

Today, My little ones, may the Kingdom of Peace embrace you completely so that all inner conflict may be liberated from sorrowful hearts. It is possible, My little ones, to know a Kingdom of Love and Peace. I come daily from this place to bring you the Light from the Heights. Seek, My dear children, to remain each second within My Immaculate Heart so that your little hearts may be converted in Redemption and in Forgiveness for many souls that I want to arrive to in this end of time.

Be partakers in the Eternal Light that is appearing again to your hearts. Unite your hearts to Me.

Who loves you,

Mary, Mother of the Divine Conception of the Trinity
