**Saturday, June 9 of 2012**

First dear children, today I thank you for daily answering My call to the prayer of the heart and the urgent call for Peace for all the hearts of My children who are in the world.

Today My children, I call you to continue persevering in the fruit of prayer and of the Mysteries of the Holiest Rosary. With this instrument that was given to you so many centuries ago, I invite you to meditate and to be a part of the life of each of the Mysteries that God the Father manifested when My Immaculate Heart was in the world and among you as humanity. Each passage of the Mystery wants to bring you to walk to the path of My Son and to pass through the bliss of His Redeeming Love in each one of the episodes that were wonderful works of the Highest God the Father.

Because this day dear children, I invite you as souls and as hearts to discover the path of purity that Christ expressed in His public life, as the transcendence through the act of love in His Passion. I want to make you understand how God the Father manifests Himself in each of the creatures. For this, in the Mysteries you will find brief descriptions of Our life, as faithful servants and children of God.

At the moment of daily meeting with each of the Mysteries, in your hearts will be revealed the Will of the Father through each one of the situations that happened.

For this My dear children, know that it is in God and for God that humanity will reach full redemption of all the faults practiced towards His Heart.

As Pilgrim of prayer I instruct you so that your hearts may see how the Will of God is one and omnipresent in each life on Earth.

The path of the prayer of the Holy Rosary will impel you and will allow you to find service, love, surrender and an absolute trust, the one that My Son lived with God. In this way I may tell you that God will be the Eternal

Light in your lives for the moments that will come. I prepare you with My Maternal Heart.

I thank you!

Thank you for answering My call.

Faith is perpetual strength for life.

Mary, Mother of the Divine Conception of the Trinity.
