**SPECIAL MESSAGE FOR THE APPARITION IN THE MARIAN CENTER OF AURORA, TRANSMITTED BY THE MOST HOLY QUEEN OF PEACE TO THE VISIONARY SISTER LUCÍA**

Rejoice all the hearts of the world, glorifying the Creator for the Immaculate presence of His Faithful Server. Praise today and eternally the Son of God that sends the Messenger Bird to announce His return, and to prepare His Holy flock of souls.

My children may on this day joy be the guide of your hearts. Rejoice yourselves today because part of My Plan is already realized in the world. My word is arriving to the homes of many of My children, the families are achieving special Graces because they gather to pray with Me. The sinners most committed to evil are finding the Light of My Son, because His word is arriving to their lives.

My beloveds, I want today that you understand the greatness of My Marian task, and with Me be infinitely grateful to all My children who work day and night, and that donate their little lives so that My task is carried forward.

My Heart, on this day, brings from the Kingdom of Heaven the merciful gratitude that fills those who open themselves to receive it.

Many do not know, but great is the service of those children of Mine that made themselves available to work in the offices, in such practical things, and whose little hearts do not even imagine the luminous repercussion of their offers.

Today I renew the vows of these children and servers of Mine. Even those who do not know Me, and that seem to serve in a professional way are receiving merits and balancing debts towards God.

I want to make known to the World the importance of this task, because many do not know the effort of My children to realize My requests, but I do know it, and observe it always, because with these efforts not only My word reaches the world, but also My Heart, and each time that you are able to transcend yourselves a little, this effort is converted into a loving offer that I bring to the Creator for the Salvation of souls.

The task of creating and maintaining a website that is the echo of My Voice and of the Most Holy voices of Jesus and Saint Joseph, in truth, is a Sacred Mission of bringing to all the homes, in the four corners of the world, the Voice of God the Father, the Almighty Lord of the Universe, and by means of this sacred tool of His, His Plan of Love is diffused throughout the world, and His Heart awakens those who have been asleep for so long.

The Love of God is arriving to many souls, above all of youth who have never had any contact with Him. The Redemption and the Mercy of the Endless Source of the Creator are permeating the homes, the prisons, the schools, the world.

When just one soul, in some nation, enters into contact with this tool of God and opens themselves

to dive into this Mystery that is My presence in the world, all of this nation receives from God the merits to reach awakening and, in this way, to reach Peace.

Each time a member of a family, in their home, enters into contact with My Sanctified words, and with the Glorious words of My Son Jesus, all of this home and this family are blessed by My presence, even though many times they only come to discover this is in the Kingdom of the Heavens.

In this way, My children, My requests of prayer expand themselves through the world, and My little ones who pray respond to My Call, sometimes in secret, and, in this way, they open to Me the door so that My presence is for some more time in the world, Redeeming and Saving souls.

For this, rejoice with Me and contemplate the greatness of this Mystery and the amplitude of My task, that more than planetary, is Universal.

I love you, My dears, and I will always be grateful for your answering day and night My Redeeming Call of prayer for Peace.

I thank you always.

Mary, Mother and Queen of Peace and of the world, the Sacred world of God.
