Weekly Message of the Most Excellent Mother Mary, Queen of Peace, transmitted in the city of Belo Horizonte, Minas Gerais, Brazil, to the visionary Friar Elías

**Celestial Declaration of Peace, given by God the Almighty
to the Venerable and Powerful Immaculate Heart of Mary,**

in response to the Day for Peace in the world, which took place today in Vatican City, Italy,
presided over by the Holy Father, Pope Francis.

Dear children,

In glorious response to the event that took place today in the Vatican and in the whole world, the Blessed Virgin Mary communicates, in the name of God Almighty, before the Thrones of Heaven, the Angels, Archangels, Saints, the Blessed and all the prayerful beings of the Earth, that the cycle foreseen for the world, regarding its purification, has changed, since the prayerful response, the fasting and the faith of all the followers of Christ has generated a favorable and positive response that changed the direction of the events.

Dear children, in light of the Celestial Powers, I want to tell you that your most beloved Father, through the action of His creatures on Earth, managed to pour out His Mercy that, over the course of time, will touch the hearts of those who have it closed, so that peace in the Middle East may be achieved.

Due to the Holy Spirit, on the spiritual planes, the Most Holy Virgin Mary guided the whole Day for Peace, which was carried out through the call of the Holy Father, Francis.

For this reason, what had been foreseen to occur in the next months has been transformed into future months of conversion, redemption and peace. The fraternal attitude of the Holy Father deeply collaborated with the plans of Heaven; this means that the universal laws were set in favor of humanity through the supreme power of Grace and Mercy.

All the souls that in the world today prayed the Holy Rosary for Peace and the Chaplet of Divine Mercy, woke up to the supreme life of Paradise, and this led millions of souls imprisoned in the abysses of the Earth to achieve the infinite path of the Light of God.

If humanity followed the gesture and the call for ecumenical fraternity that the Holy Father made, the whole world would be liberated of its faults within six months.

For this reason, today, in the Love of My Son Jesus, I show you the powers of the prayer of the heart when it is prayed in larger groups. Today, Heaven was attentive to the sincere offerings of the

children of God; thus, these offerings were well received at the feet of the Thrones of God, as flowers on the celestial altars.

Beloved children, in this coming week, I invite you to seek celestial rejoicing through prayer, for in this way, you will follow the example of the Holy Father Francis, as an example of the New Humanity.

I am your Perpetual Mother, and I want you to know the treasures of the universe, treasures that wait for hearts open to receive them in their inner essence.

Dear children, I thank you in the name of the Almighty for having responded to this important call for peace in the world.

And today, in divine devotion, I say to you:

My Soul glorifies the Lord,

My Spirit is ennobled
in God, My Savior,
for He has given My children
the keys to Heaven,
so they may open the doors of Paradise.

His faithful Servant has guided
simple hearts
and peace has been gestated
in the New Humanity.

Today, the Heavens rejoice
of the great response of souls,
and no spirit on Earth will suffer
because it has been healed
by the miraculous Light of the Virgin Mary.

Glory! Glory! Glory!

Hallelujah to the God of Love!

Amen.

I thank you, now and always!

Mary, Queen of Peace
