MESSAGE OF THE VIRGIN MARY, TRANSMITTED TO MOTHER SHIMANI

May My peace be with you.

Today once again I come to reconcile hearts. Today I come to pour My Grace of Love in the reparation and reconversion of hearts.

Dear children: It is no longer time to justify your faults, it is time to discover the tricks of the enemy when it they are still being prepared. If you remain vigilant inside of My Immaculate Heart these trick cannot be achieved in your lives.

If on the contrary you remain alone in yourself My Shield and My Sword cannot protect you. You need to be attentive so that your heart may be nourished from Mine and thus you will be under My Sacred Protection.

Remember that now you have a great task, to prepare the return of the Savior of souls. There is no time for anything else. Remain in Me because there you will all be united. In the ocean of My Love there does not exist shipwrecks, but in order to not have shipwrecks you must choose the ocean of My Peace, of My absolute Peace.

My Forgiveness is for you. Lift up your gaze towards My Heart and there you will find My ocean of peace. Submerge in it and swim towards the Heart of My Son.

Be as the great boats of fishermen that inside of the ocean of peace take the nets and find the food to feed the others. In My ocean of peace you may always satisfy your hunger, your thirst and that of your brothers and sisters.

And when I tell you, you will swim towards the ocean of My Son, the ocean of Mercy. There a bigger net is waiting for you, that which will be full with the Bread of Life which will feed all humanity.

Empty of your own selves in this time because there is no more time to loose. Enter definitively into this school.

My Son is waiting to send you two by two so that you may fish in His ocean of Love and Mercy, and in this way you may feed your brothers and sisters.

I wait in reflection.

I love you, even in your delay.

Thank you for being with Me in this time.

Mary Queen of Peace
