WEEKLY MESSAGE, TRANSMITTED BY MARY, MOTHER OF THE HOLY SPIRIT AND QUEEN OF PEACE TO FRIAR ELÍAS

Dear children:

Today I invite you again to prayer, to the perpetual prayer, to the constant prayer, to the permanent prayer, to the prayer of the heart. But if your prayer is sincere, loving and if it nourishes itself with your devotion to My Immaculate Heart, it will be heard in the Kingdom of the Father.

I know that many of My children are sad because of My unexpected absence in Uruguay through Medjugorje. I tell you, children, seek Me in your prayers and in your hearts because there My Maternity will always be amongst you. It is the moment to live with Me in the prayer of the heart, there you will find Me amongst your pleas and the tasks of life because as Mother I accompany the inner growth of My children.

It will be important, My children, that after a year of daily Graces, you may live My message, you may incarnate it in your lives as an attribute for the heart and for the transformation. I only ask you that you never forget to guard a space for the prayer of the heart and for the prayer in family because in this way My Immaculate Spirit will be present.

I want to tell all of My children from the South of America that the always Virgin Mary of the All Powerful and Mother of the Glorified Christ today gathers you with the spiritual reason of supporting and joining together from the heart, to My Marian task that will be taken forward through Medjugorje in Argentina. Thus you will get to know a little more "The Gosal" (Our Lady), the Mother of all of the creatures, Mother that aspires every day for your conversion and holiness.

Dear children, gathered in the name of the Love of My Son, I give to you thanks for accompanying Me in faith in this important task and divine cycle for My children of Argentina.

Today I manifest to you three faces of My Maternity so that in devotion you may be able to live them by means of prayer: the face of the Immaculate Mother of Salta, the face of the Queen of Peace and the face of the Mother of the Divine Conception of the Trinity.

My Children, we are in My Son, in His Sacred Heart. Good work in prayer for the groups of Argentina.

Who wants you with maternal love,

Mary, Mother and Queen of the Peace.
